Dress Revisions Announced

Amelia Klepp, Dean of Women, announced today that there have been some drastic changes in the dress code. Mrs. Klepp, after conferring with her advisory board, revealed that the revisions were brought about as a result of the recent showings of the spring collections of the leading Paris designers. "I have always liked haute couture," she mused as she met with Setonian fashion editor Kevin Foley, "and so the changes reflect the best of Pierre Cardin and Robert Hall."

When asked if the number she was modelling would be representative of the new standards, Mrs. Klepp replied, "Cut-outs are in, you know, and so are see-throughs. In fact we are thinking of designing a school uniform along the lines of Gernreich."

Not everyone on campus is as excited about the revisions as Dean Klepp seems to be. "I don't look good in see-through blouses," complained Alice Vigorstad of the mathematics department, "and cut-outs aren't my bag either." Dean Hakim has suggested that each school of the University set up its own code while Dr. Harold Pettipas recommends that the University sponsor a series of "dress-ins" and thereby establish the philosophy of the dress code.

All factors considered, it seems most probable that next semester at Seton Hall will experience an entire sartorial revamping with a heavy emphasis on chiffon and crepe. Dr. Eden Sarot, president of the Faculty Senate added, "I'm pushing for jump suits!"

Dean Amelia Klepp

Security Chief Donson W. Dessau has announced that anyone who receives a parking summons on campus should bring it directly to the Security Office. Chief Dessau is a very mild mannered man who hardly ever loses his temper or does irrational things.

Dessau has indicated that if is his intent to be as calm and sensible as possible with all those who come to his office.

Chief Dessau

LIBRARY RECEIVES \$\$\$

Monsignor William Noe Field announced today that the University Council has voted a 75% increase to the budget of the Library.

Field expressed his "deep gratification" that many of his cherished projects will now be implemented. The \$15,000 will be allocated in such a way as to make SHU Library universally recognized.

Wine red carpeting will cover the entire first floor, the Periodical Room, the Reference Room, and the Main Hall, at a

cost of \$4,327.47. An additional \$2,743.15 will cover the stack area in a deep purple. The largest amount, \$7,411.13, will be assigned to salaries for four additional employees (part-time) from St. Catharine of Siena's parish. "My pet project," said the Monsignor, "is a 15 foot statue of myself," it will cost only \$514.27 and will embellish steps of the building. "It will cover from the first step to the fifth." Finally, \$3.98 will be spent on a new copy of Robin Moore's "The Green Berets."

Campus Cleric To Wed

Bishop Dougherty announced today that the first wedding of a Seton Hall clergyman would take place in the campus chapel on June 1. "I have always wanted a June wedding," said spouse-to-be

(Continued on Page 5)

Student Senate Vice President Sal Perillo has been admitted to St. Mary's Hospital in Orange. According to hospital spokesmen, Perillo was admitted last Wednesday night due to a severe mouth injury.

The injury occurred last Wednesday evening at the bi-weekly meeting of the Student Senate. Perillo was in the process of bringing a motion to the floor when a bolt of lightning came flying into the room and struck the verbose senior right in the mouth.

According to those present, Perillo had been in the process of making a motion to abolish the opening prayer when the lightning bolt felled him. When word from the hospital that Perillo might never open his mouth again reached the meeting later in the evening, a resolution was unanimously passed thanking heaven for its judgment. **BULLETIN - SETON HALL SENIOR SAL PERILLO JUMPED FROM A THIRTEENTH FLOOR WINDOW AT ST. MARY'S HOSPITAL IN ORANGE TODAY WHEN HE LEARNED FROM A NURSE THAT HE HAD CONTRACTED PERMANENT LARYNGITIS.**

There will be a screening of "I Am Curious (Yellow)" tonight at 8 p.m. in the main lounge of the Student Center. This marks the first showing of the highly controversial Swedish film on an American college campus. For reservations contact Miss Miriam O'Donnell or Mr. J. Brennan Vogel in the confessionals of the campus chapel.

Intramural Director Ed Coppola has announced that he will be more than happy to refund all intramural deposits. However it has

been reported by certain people, such as Nellie Bootan pictured above, that force must be used to get the dough from Ed.

Regurgitation

Some people feel that **The Setonian** has ignored some very vital issues on campus this year. So right now all you insipid, pseudo-intellectual, banal, recalcitrant, rinky-dinky here it is.

The best way to sum up the problems of the campus this year is to just say that you can lead a horse to a glass house but you can't make him throw stones. How do ya like them apples? And furthermore quid pro quo concerning the de facto, bourgeois, ex post facto, ad infinitum, etc. reactions of the intelligentsia of the students, faculty, and administration are such that they require never giving a sucker an even break. Put that in your bownie and eat it, you of rattle snake you.

And furthermore something should be said about the rambunctious, ad hoc, tri-partite, Jewd, ante-bellum, de-escalation tactics currently under scrutiny by the hierarchy of Jimmie's Rosebram House. YOU made your bed, now sleep in it.

Not only that but hitherto forthwith whence albert and ergo sum subterfuges as it were merit serious misgivings, in light of all that has come to pass. There are three things I would like to say at this time. The first is irrelevant, the second is inapplicable at the moment, and the third is somewhat plegmatic so I shall forego any further comment at this time other than just saying that grocery store owners who put their liquid detergents on the top shelf wind up pumping for Joy.

Next we let all this be forgotten, at behooves us to remark that if you let it all hang out and sock it into others before they sock it into you you will really know where it's all at. Ja k.

Whatever we do we must not hold the ball in the outfield since a duck may be the mother of any sordid, middle class guttersnipe.

We at **The Setonian** take the following stand: In the beginning was the word and the word was misspelled and then Monte Rock III showed up and really shook em down. Ya got that so far? If not, have you ever heard of Kong?

If you have you must know that it wasn't the planes that killed Kong, it was the cheap gin that killed the beast. In order to avoid any further lack of confusion and in the interests of putting all seriousness aside let it just be said that Rome isn't worth a thousand words; a picture wasn't built in a day, the the is cast, the bigger they are the harder they fall, a penny saved is a penny earned, and last but not least, you can't take the country out of Salem. Also remember one thing, you can fool some of the people some of the time, but you can't fool Edison.

Whenever the situation arises remember the wise words of the famed old Algerian gage who once said some pretty cool stuff. We of **The Setonian** recently heard it through the grapevine that not much longer would you be mine baby. I choose not to ruin mah fellow Americans.

One more thing, Illigitimi non carborundum.

Published weekly during the school year especially during vacation periods by Grove Press Inc., Essex County, South Orange, New Jersey \$3.00 per year (for you \$2.98). Entered as fifth rate matter September 24, 34 B.C. during a game of post office at Bayley Hall in South Orange under an Act of God.

Editorial opinions, unless signed, are the opinion of the Athletic Department of the University. They do not express the opinions of the officials of Seton Hall nor of the student body of Seton Hall taken as a whole unless specifically stated. Any reproduction, rebroadcast or use of any part of this newspaper is prohibited without the express written consent of the New York Mets.

Opinions of the columnists are rarely their own, and usually represent the opinion of some teacher whom the columnist has in class. No one is permitted on the playing field at the end of the game. Gulp your dog, keep off the grass, get att-a-town you hobo, nothing is permanent except CHANGE, (and CHANGE is not always for the better). Ya follow me?

Carl Denham

Pinochle Tournament Established

The Student Senate, in one of its most admirable moves has moved for the institution of a campus pinochle tournament. Notices of the tourney went out all over the campus and numerous responses have been received.

Father Horgan and Richie Regan have entered. These two gentlemen have been inseparable as partners for quite a while. Unfortunately they generally lose together. Fr. Horgan is the better player of the two, but Regan's lack of good cards usually precludes success for the team. Fr. Horgan has been approached several times regarding a new partner, but his reply is always the same: "How can I judge the man as a pinochle player if he never gets the cards."

A team from the Black Student League was originally entered, but these students issued a series of demands which were not met and as a result they have withdrawn from the tourney. Reportedly the Black Students League refused to enter unless an increased number of clubs and spades were added to the deck with each game. Unless at least 26 more of those two suits are inserted into the deck within two hands after the opening game, the black students will boycott the tourney.

The Student Senate has also entered a team. The team is comprised of Kevin Foley and Sal Perillo. However both have been known to overbid their hands and as a result this team is not considered one of the stronger entries. Perillo has been known to speak at great length of the power of his hand, but invariably he turns out to be the loser.

Unless this team wins the tournament, they have threatened to rip up the scoresheet.

Monsignor Fleming and Bishop Dougherty are in the tournament but both of these men have been known to renege on occasion. Dr. Donovan was also to have competed, but he refused to play unless the competition was held in his office.

The dignity school has entered. However their chances are slim for they generally don't even know how to play the game. They do however manage to get a good amount of meld since they almost always have queens around.

The Seton Security has entered however they generally receive a bad card distribution and invariably they are void of hearts.

A surprise was an entry received from the Board of Trustees. These people are loaded with power in all suits, but they generally end up sandbagging and letting everybody else decide what to play and how to play it.

Dr. West of the philosophy department is also entered. However playing with him isn't any fun since you know he's always coming in the same suit.

A team from **The Setonian** is also listed in the tourney roster. However they have been known to avoid whole areas of their hand. In addition, in past competition they have been known to fail to appear for weeks at a time.

The Student Union Board is also scheduled to play, but they have indicated that they will withdraw and burn the cards if steps aren't taken to restructure the deck immediately.

Phi Sig Scored For Mafia Ties

The Phi Sigma Delta benefit mixer scheduled on April 26 has been the center of recent controversy. Security Chief Don Dessau has charged that the mixer's funds will be donated to organized crime. Phi Sig on the other hand claims the proceeds are going to a worthy cause, the Mothers And Fathers Italian Association.

Dessau claims that the mixer, being held in the back room of a dock side Hoboken gin mill, is a front for the Mafia.

Setonian interviewers tried to reach Phi Sig president Mike Faffandool but it was learned that he was on vacation in Miami Beach. The Setonian then attempted to reach Faffandool by telephone but learned that he is serving a subpoena issued to him

and three other fraternity brothers upon leaving a plane at Miami International Airport.

Chief Dessau indicated that noted Mafia leaders are assembling in Miami to elect a new chief to replace the deceased Vito Genovese. Faffandool and his fraternity brothers, Lenny Lindique, Nick Piandool, and Sal Hepatica) vehemently denied any Mafia ties. They claimed they were merely in town for a violin concert. All four carried violin cases as they left the plane.

Tickets for the mixer are available at Joe the Barber's in Corrigan Hall, any house in Vailsburg, the pool tables in the Student Center, Metropolitan Maintenance Company, and from the Editor-in-Chief of The Setonian.

George Trenchmouth
Food Service Director

Food Service Adds New Gourmet Line

Specialized Management Services, the University's official food service, has announced that a completely new line of gourmet items will be available at all campus cafeterias starting next week.

According to Specialized manager George Trenchmouth, a new condiment for garnishing hamburgers and hot dogs is being added. The condiment, well known throughout the country, is called rosma. It's spicy zing and taste satisfying qualities are not to be overlooked.

In addition all hamburgers and hot dogs will be served in the future on fully enriched cernan rolls. Students will be able to choose if they prefer the rolls with or without sinesa seeds.

Trenchmouth also announced that a new drink will also be available. The ever popular thirst quencher, orange kelterplane, will be available in three new sizes.

Specialized also announced that they were under new ownership having been bought out by Roto Rooter Inc.

Rev. Kenneth O'Leary (pictured above at a recent Alcohol Committee meeting) has been named moderator of the world, the Vatican announced today. Father O'Leary had been the moderator of some 300 clubs, societies and fraternal organizations on the Seton Hall campus.

One high administration source

stated upon hearing of the appointment, "Well he's moderator of everything else, anyway."

The orders for Father O'Leary's elevation to this high post have a somewhat mysterious origin. Pope Paul VI was heard to remark when questioned by the press, "They came from over my head."

News in Brief ...

Anyone finding a pile of old Superman and Jimmie Olsen comic books is requested to return them to their rightful owner. These books belong to a shut-in who uses them as his only means of keeping himself busy all day long. Please return to Dr. A. Donavon Room 14 Bayley Hall.

Phi Krappa Thata wishes to announce that all pledges must report to a special meeting this evening at 6 p.m. at McGuinness Club Bar in Newark. Attendance is mandatory since all pledges will be fitted for three piece suits and cordovan wingtips at this time.

Also the brothers will offer seminars on Chugging, Terrorizing, Running for Office, and Scientific Blackballing.

Mr. Bob Imgrund, University Housing Director, will return to that post again next year despite current rumors on campus. Reportedly it has been said that Imgrund was offered a \$30,000 per year job with Maxwell House

Coffee, however Bob has vehemently denied that allegation.

"The coffee business is just a grind," said Bob. "It's really going to pot, and I wouldn't do it for beans. It's just not my cup of tea and I guess the business will never perk up."

The Louisiana State Department of Fish and Game is scheduled to hold a meeting of interested parties in mid-April. At that time a marine biologist will report on findings as to the

Within these four pages many aspects of Seton Hall life are "raked over the coals" so to speak. It is not our intent to injure or malign anyone whom we have mentioned in this issue.

"On April Fool's we only just, those of whom we think the best."

landings outlook for the coming shrimp season. A more thorough assessment of the situation will come out of that meeting.

Marie K. Fitzsimmons, University Registrar, has lashed out against a recent attack which alleged that her files were three years behind. Miss Fitzsimmons claimed that an article which appeared in last week's **Setonian** was completely false in its observation that her office's files were a mess.

Fitzsimmons also announced that undergraduate transcripts for the class of 1962 are now available for graduates of that class who wish to apply to grad school.

Raffle tickets on a brand new car are now on sale in the lobby of the Student Center. The car being raffled is a 1969 Fazole.

This is one of the fastest cars on the road for as the advertising slogan says, "Nothing goes past a Fazole."

Applications are now being accepted for the position of "page" in the Student Union it was announced by Michael Baloney, professional page.

Requirements for the position are: a fantastic ability to look busy while doing nothing; willingness to do homework while being paid; holding a position with a student organization which is already housed in the building; a general lack of knowledge of where things are or what's going on; and having that All-American look.

Baloney also announced that several sign orders are now ready to be picked up. Signs for Fall Weekend, the Queen of the University dance, are now finished and ready for circulation.

Latest singing sensation "Johnny Angel" as he arrives for Seton Hall benefit.

Bishop Dougherty meets "Johnny Angel" after Friday's performance. "He is my favorite singer. He is most talented and most welcome."

TODAY APRIL 1

MONTCLAIR ST. — Stag film 8 p.m. "White Claw Stag of the North."

NEWARK ST. — Mixer 4:30 a.m. Security Guard House. Muisic by the "Constipated Combine" Dress lewd.

FRIDAY APRIL 3

SETON HALL — Lecture 8 p.m. Student Union. Harpo Marx will speak on the Origin of the Species.

RUTGERS — Riot 6 p.m. Black students will take over the administration building at 6 sharp. Admission free.

CALDWELL — Guess Who Mixer. All females at the college will be assembled in one room all wearing the same blue skirt, and blue knee socks and blue sweater. Guests must distinguish girls from nuns. Guests must also distinguish girls from janitors, girls from campus fauna, and girls from treetrunks.

SATURDAY APRIL 4

VAILSBURGH HIGH — Concert. 8 p.m. at Ungatz Memorial Concert Hall. "Johnny Capochalano and the Shabums"

LOUIE'S GIN MILL — Mixer. Phi Sigma Delta fraternity. Proceeds go to worthy charity Mothers And Fathers Italian Association.

WEBER ST.

(Continued from Page 8)

Seton Hall, incidentally, did not even make a team honorable mention. The only appellation on campus worth note was Pleasant "Junior" Foy. Names like Foley Rovelstad and Suminski are regarded as blatantly trite and unratable.

Among the other top finishers were the Central High Blue Devils of 1963. Drayton Bembry, Ronnie Lott, Willie Jennings, and Frank Rokins comprised a 22 point score. From South Side High of 1965 came Charlie Chambliss, Ed Streer, Ron Kornegay, Jackie Baker and Pichie Booker, who garnered 19 points.

From the pro ranks, the San Diego Rockets ranked 18th on the basis of Stuart Lantz, Elvin Hayes, Toby Kimball, John Q. Trapp and Trapp's cousin, the trainer, Jacques S. Trapp.

Individual recognition was given to Briscoe Belcher, DeRoy Jackson, Oliver Darden, Aulcie Peirry, Heyward Wesley, Fleetwood Quitley, Reginald Christmas, Windy McGriff, Nathaniel Frapp, Nate Archibald, Lavern Latt, Heinran Helicopter Knowings, Les Selvage, Meadowlark Lemon, Pernan Wilson, Silugo Green, Plummer Lottis Sweetwater Clifton and "Mad Dog" Culpepper.

Parking Problem Solved

Robert DeValue, Vice President in Charge of Business Affairs, has announced that at long last the parking problem has been solved. DeValue's solution will go into effect immediately after Easter vacation.

The current parking lots on campus will all be converted into intramural curling fields. The entire Jersey City Armory has been purchased and all students must park their cars within that building. Taxicab service from the armory to South Orange will be available on a regular basis. It is not known exactly why DeValue decided to make such a move. Joseph DeValue, president of the Astrobus Taxi Company, said that his cabs would be the only ones which would go back and forth to South Orange and would do so only for a somewhat nominal fee.

Students will pay a \$28 fee for parking since a full time security force must be maintained to protect the cars from the bands of vandals who are constantly roving throughout the armory.

Young wife waits patiently at door to Angel's dressing room.

NEW RECRUIT — Joe Stump is the latest Pirate basketball acquisition. The 4-6 center is supposedly a superlative rebounder, but rumor has it he received a scholarship because of his distant relationship to a certain Hall administrator.

Female Football Team Ready For '69 Season

Plans have been finalized for the establishment of an all girls' Club Football team at S.H.U. According to Fr. Horgan, Director of Athletics, the girls will field a team in time for the start of the 1969-70 season. Due to the fact that this will be their first season of competition and because of the size of the school, only six scholarships were made available. At six were quickly taken by girls from surrounding area high schools. The scholarship recipients are:

Brinfulda Bonesmasher, a 5'3", 273 lb. bundle of fire, will be a tremendous help on the offensive line. She will graduate from Seton Hall Prep this June.

Joséphone De Plummer, hailing from East Orange Catholic, will put her 6'11", 147 lb. frame to good use at defensive end.

Betty "The Goodyear" Bluff, who stands a solid 6'5" and carries 240 lbs. will double as a defensive tackle and linebacker.

Sophia De Grease, who will graduate from St. Al's in Jersey City, is set as the starting quarterback. According to scouting reports, Sophia's arm is like a rifle, having fought off anxious boyfriends for three years.

Gertrude Frump, an ex-WAC, will come to Seton Hall directly from four years of combat duty in an Air Force hospital. Gertie will see action at flanker and halfback.

Helen Krzynowski, a 10-foot Pole, will serve as a utility player. Helen can either play offense or defense.

No coach has been named as yet, but it has been reported that Richie Regan, Bishop Dougherty, Msgr. Flemming, Joe The Barber, the Pretzel Man and Ed Coppola have volunteered for coaching duties. We asked Msgr. Flemming

why so many men have applied for coaching positions. Monsignor replied, "Well, what else do we have to do?"

The "Buckettes" will have an eight game schedule, with all the games being played in the new fieldhouse. The opposition will include: The Home Economics Club of Georgian Court College, The Rosary Society of Our Lady of Sorrows Church, the male Club Football squad from SHU, the Prep Glee Club, the Green Bay Packers, the Waldwick Birdwatching Society, the Board of Trustees and the Shrubbery Pruning Club of South Orange.

Tryouts will be announced at a later date. Any interested girl can contact either Jack Scott or Ed Manigan to be fitted for uniforms.

ROLL OUT — Sophia De Grease, a product of St. Al's in Jersey City, gets set to make a pass in a recent scrimmage against the brothers of TKE. TKE scored quickly and often against the less experienced coeds.

Cagers To Play St. E's; Recruit Foreign Talent

Coach Richie Regan's Seton Hall basketball team will embark upon an ambitious 26 game schedule next year. The new schedule, somewhat streamlined from last year, is the result of the lifting of the recent metropolitan arena and intersectional play bans.

Under the new schedule the Pirates will play such powerhouses as Our Lady of Sorrows, the Molokai Leprosy victims, St. Elizabeth's College, and a team comprised from the cast of the famous movie "The Heart is a Lonely Hunter."

In addition the Pirate's will compete in another power packed Christmas tournament. The tournament will be held at the Jersey City Medical Center. It will be a round robin affair with the Hall facing each one of the various wards of the hospital.

The Pirates have been seeded third behind the retired nurses squad and the hospital cadavers. In addition, all home games have

been moved from Walsh Gym to the basement of McGuinness's Club Bar in Newark.

Recruiting has also been progressing well thus far. The Hall has acquired the services of several outstanding players for next year's freshman team.

Leading the way for the frosh should be a 4-6 center from Aunt Mary's Nursery school in Succasunna. The player, Joe Stump, was fourth high scorer for his club, but ace Pirate scout Richie Dec has indicated that Stump is an excellent rebounder for his size.

Another top prospect is Joseph (B.O. Joe) Malazulu who has been known as one of the most offensive players in the area.

The Pirates have gone far in their quest for talent. One of next year's recruits comes to us from New Delhi, India. Maharishi Mahesh Punjab, known in his native land as the Indian Rubber Man is the prospect. He suffered a

recent injury but has bounced back into top form. The Indian Rubber Man however was recently arrested in New York City and was sent up for quite a stretch and may not be back in time for the season's opener.

A sleeper from a native island in the South Seas known only as Kong is also included on next year's frosh roster. Kong is a powerful rebounder but has been known to pluck blond cheerleaders from the crowd and admire them during the game. Though he stand at 55-6 feet tall Kong is a fine outside shooter and can go up as high as the Empire State Building for a rebound.

As we have mentioned many times in the past 26 years things are looking up for the Seton Hall basketball fortunes.

"Hall Line" Hanky Panky Discovered

An intense investigation has unveiled a devious conspiracy with regards to certain programs broadcast over WSOU, better known to locals as Radio Free South Orange. The Committee to Investigate Gossip And Rumors (CIGAR), an arm of the Student Union, has announced that the popular program "Hall Line" had been under surveillance for many months and that it finally had discovered that the program's supposed commentators were not registered students at Seton Hall.

Further investigation revealed that the two, Paul Accocella and Tony Bello, did not exist at all. No birth records for either could be found in the free world. From there it was a simple step to uncover the plotters who were perpetrating this insidious fraud on the listening public.

A check of administration files revealed that both Father John J. Horgan, Director of Athletics, and Richie Regan, Head Basketball Coach, were registered, card-carrying members of the World Association of Voice Impersonators and Mimics. Horgan and Regan confessed to doing the broadcasts themselves after only 74 hours of brutal torture. They were made to watch the game films of the last seven entire Seton Hall basketball seasons in slow motion.

Sol Brillo, Second Vice-Chairman and spokesman for the Committee, stated at a news conference that Father Horgan had been pretending to be Accocella using a combination of the voice of Minny Mouse and the sound of the Hudson Tubes pulling into Jersey City. Regan's impersonation of Bello is said to have been a cross between the voices of Anthony Imperiale, Marve Throneberry and John Sumniski singing in the shower.

Name Weber St.

The final results of the Clure Mosher Memorial Basketball Poll were announced yesterday to Stosh Czyczkowsky, head pollster. Weber State (pronounced Weeber, Stylt) was declared the nation's number one team.

Three of the Wildcats combined for a total of thirty points, Willie Sojourner, Justus Thigpen, and Sessians Harlan each merited perfect ten-point values in the ten-point per cool name ratings.

Close behind came the 1966 Texas Western Miners. Led by such greats as Orsten-Artis, Harry Flournoy, Nevil, "The Shadow" Shedd, Bobby Joe Hill, Willie Cager, Wilkie Worsley and Dave "Big Daddy D" Lattin. Czyczkowsky, however, is an alumni of Weber and he rigged the final tabulation.

(Continued on Page 7)

Champs Named Before Season

The winners of the intramural softball championship have been announced, despite the fact that the season will not begin for three weeks. Intramural Director Ed Coppola announced in conjunction with Reverend John Horgan, Director of Athletics, that a team representing the editorial and sports staff of The Setonian are the champs.

The team, called the Hip Pockets, had played only one practice game and was defeated, 2-0, by a squad from the Bayley Hall secretarial pool in a game which was abbreviated after two innings because of an unfortunate incident. The Hip Pockets' ace pitcher Ape Leonard had to be hospitalized after sustaining a severe injury to his digestive tract. Leonard, known as the "enfant terrible" of the mound corps, swallowed a ground-rule double off the bat of Chastity Semper of the Bursar's Office.

When questioned about the rationale behind the awarding of the championship before the season, Coppola, became characteristically soft-spoken. "Let's just say it was for services rendered. Ya follow me?" He remarked in a tone barely audible. At this the members of the team responded in unison, "Yes sir, Mr. Coppola. We follow you."

Intramural Director Ed Coppola has accepted a new job punching holes in donuts. He will undergo a six month training period before beginning on the job work.
