Mr. John Herbert,  
38 VanRensselaer St.,  
Belleville, N.J. 07109

Dear John:

I am pleased to see that the BALSAs membership has voted to have you continue in a leadership role and I congratulate you and the other officers on your election.

As I see it, the greatest need which BALSAs can help us with in a very personal and effective way is to identify potential applicants for admission to our school and once admitted, help them succeed in their studies.

Please give Dean Ketterson whatever help you can in our search for minority applicants. Let us also talk when you think I can be helpful.

Yours very truly,

John F.X. Irving  
Dean
