SYMBOLIC PELLETS: The new of a sailing ship, the pulpit of the Benedictine College Church at Rome, Germany, is complete with another, main and lighting. The unusual pulpit is a survivor of the Battle of Leipzig in 1751 when the forces of the Catholic Church triumphed over the Turks. In memory of that victory, Pope Pius V, who presented the League, instituted for the first Sunday of October the feast of the Martyrs. The new is from one of 500 Catholic gal- leys that took part in the battle.

Sen. Kennedy’s Church-State Views Threaten ‘Catholic Vote’ Romance

NEW YORK — Political pundits who had predicted the defeat of the proposed "Catholic Vote" in New York State by Sen. Edward M. Kennedy have been taken aback by the results of the recent Senate election. The pundits had been predicting a victory for the proposed "Catholic Vote," but the results have been surprising.

Legends tell of a time when the Church-State was a real "Catholic Vote," but that was in the days of Sen. Kennedy’s Church-State views. The Church-State was an important part of the political landscape and it was a time when the Church-State was a real "Catholic Vote." But today, the Church-State is not as important as it was in the days of Sen. Kennedy’s Church-State views.

WE BELIEVE

that every thoughtful reader of the Advocate will agree with us that, in this arriving, almost all peoples are in years now, the transformation of boys into men of ability, character and integrity is the most important part of any child's life which any of us could engage.

Judy Jefferes, now at St. Peter's College are devoting their time, energy and profligate effort to that objective - their only solicitude, the nation's, clothing and nurturing they need in order to do it well.

As many as twenty more members of the Society can be added to their number as soon as the new SAINT PETER'S HALL, now under constitution, is completed.

Thousands of worthy boys from all parts of this metropolis even will be the students - boys who will become priests, scientists, doctors, lawyers, teachers, industrial and business leaders - whose education will be forever rooted in faiths and the knowledge of God's Ten Commandments.

SEAN PETER'S HALL and its furnishings will cost about a million dollars. Amidst of the college are making personal sacrifice in order to raise - by their own voluntary devotion the next three years - a full third of the telling.

They are doing it even though, because World War I closed St. Peter's for the last three years, the great majority of its pupils were under 20 and in the sign group in which family expenses are at their highest. And they are doing it for those who may, under possibly the same kind of education they themselves have not received.

The assurance they are devoting is important but less than a third of the need.

YOU CAN HELP RAISE THE BALANCE, AND HAVE A SHARE IN THE GREAT WORK SAINT PETER'S IS DOING NOW AND WILL BE DOING IN THE FUTURE BOTH FOR GOD AND COUNTRY. THIS IS WHAT YOU WILL BE HELPING THEM DO.

"HE CAN'T REACH THE BALANCE, AND HAVE A SHARE IN THE GREAT WORK SAINT PETER'S IS DOING NOW AND WILL BE DOING IN THE FUTURE BOTH FOR GOD AND COUNTRY. THIS IS WHAT YOU WILL BE HELPING THEM DO."

We are praying for a 2,000 family group donors if each will donate only $25

or more, if able. PER-PER-CENT-of each of the next three years, the full cost of Saint Peter's Hall will be in payment in full.

"THRIFT" is one of the characteristics that has made this nation great. Why should we ignore it now? We must avoid any contribution to inflationary processes, which could disrupt sound growth in our economy.

President Eisenhower said it...

in his recent State of the Union message.

And in this particular state of the Union-New Jersey's conditions -there are a great many people who know what the President had in mind. These are the depressions at The Howard over 283,000,000. There are the people who receive bank holdings financial security for themselves and, at the same time, by the country's fight inflation.

General Council May Define Mary's Role as Mediator

This is the lead article explaining the position of a number of bishops in the United States, including Bishop Rev. Leo J. O'Brien, who has been selected as the new archbishop of Chicago. The article discusses the importance of the role of the Holy See in education and the potential for a new papal bull.

By Rev. James J. Tyack

The position of St. Mary's mediatrix of the church was recently discussed by the United States bishops at a meeting of the National Council of Catholic Bishops. Bishop Rev. Leo J. O'Brien, the new archbishop of Chicago, has been selected as the new leader of the council.

The bishops believe that the role of the Holy See in education is important and that a new papal bull should be issued. They also believe that the role of the Holy See in education is important and that a new papal bull should be issued.
Bishops' Relief Collection

The Bishops of the United States had good reason for choosing the fourth Sunday of Lent, which is Good Shepherd Sunday, for their annual Relief Collection. This date - March 30th - is the day on which our Lord established the Church as his vineyard and the Bishops as his pastors. It is a day to remember that the work of the Church is not complete until all people are clothed, fed, housed, and loved. By supporting the Bishops' Relief Collection, we can help the Church to continue its mission of service to those in need.

His Prayer and Ours

All God's people, hear me: May the God of all consolation blest announce to you, his Church, not only comfort to the troubled soul but solace for the heart that is sore, rescue for the captive, vision for the blind, guidance for the lost, joy for the sorrowful, comfort for the weary, refreshment for the faint.

Raw material has given us abundant proof that man is no more able to refuse to someone else what he has not received from God than he is able to refuse what God has given him. God's laws are, therefore, the just requirements of justice, and the law of God is the law of justice. It is the duty of the Church to teach the people that the laws of God are the laws of justice, and that justice is the foundation of all human society.

Fiscal Common Sense

As these lines are being written, charges of racketeering, organized crime, and corruption are being engulfed in Washington in detectives of the Watergate scandal. The detectives of the Watergate scandal are a threat to our constitutional system of government. They are even more dangerous because they are not working against the system, but are working within it. They are not attacking the society, but are attacking the people who are trying to defend it. They are not enemies, but are our protectors.

A Statue for Nikita?

A recent survey of the Soviet Union revealed that the Soviet people are more loyal to their government than to their country. This is not surprising, since the Soviet government is the only government in the world that is able to guarantee every man's right to freedom of speech, freedom of religion, and freedom of thought. The Soviet government is also the only government in the world that is able to guarantee every man's right to education, health care, and housing.

To School With St. Thomas

Controversial about American schools - and especially Catholic schools - is the issue of the separation of church and state. Many people believe that the separation of church and state is a good thing because it allows the church to be free of government interference. However, the separation of church and state is not a good thing because it allows the government to be free of church interference.

The story has it that when the boy is about 10 he was asked to be a Scout. Will he be a Scout? In this new world of politics, economics, and social change, the Scout idea is as relevant as ever. The Scout idea is called the Scout spirit. It is the spirit of the Scout. The Scout spirit is the spirit of the Scout.
Missionaries Save Souls With Our Sacrifices

When love is offered to another love book, the noblest gift is continuity in love and intercession for others. Certainly there is no better method of showing love than to make up for the losses of others.

Sinclair: In the word, the Lord's prayer, we see that Jesus was calling us to service. He said, "If ye love me, keep my commandments." He meant that we must be the true followers of Christ, and it is our duty to love and serve others, no matter what the cost. Therefore, let us arise and take our places in the work of the Lord, and he will use us in mighty ways for his glory.

Sunday, Mar. 6-9. St. John of the Cross is the patron saint of Spain and Portugal and founder of the Carmelite Order. St. John was born in 1542 and died in 1599. He was a poet and mystic, and his works have had a significant impact on the spiritual life of the Catholic Church. He wrote the poem "La Vida" (The Life), which is a reflection on the spiritual journey.

Facts Finally Emerge On Right-to-Work

By George G. Higgins

The great controversy over the right-to-work legislation has been raging for many years, and the question of whether or not workers should have the right to opt out of unions has been a major issue. The controversy has been exacerbated by the fact that many workers believe that the right-to-work laws are a violation of their freedom of association.

Our Love is the Way

"Our love is the way," she said. "It is the only way. It is the only solution for our problems. We must open our hearts to love and to the love of others. We must work together to create a world where love is the only thing that matters."

Valentine’s Day Is Here to Stay for Juniors!

By Jean Dwyer

There’s no doubt about it, the Junior Young Advocates liked Valentine’s Day! And what’s more, they are willing to spend a lot of time to tell their mothers and fathers how much they love them.

Our proof is the Junior Advocates’ Garden of Variety program. The garden is the brainchild of Jane Malone, who is responsible for the program.

The Junior Advocates’ Garden of Variety is a series of plays, songs, and dance routines that are performed by the junior members of the club. Each play is followed by a short speech that is delivered by a member of the club. The speeches are followed by a song, which is performed by a group of junior members. The program ends with a dance routine, which is performed by the junior members.

The Junior Advocates’ Garden of Variety is a popular event that is attended by a large number of people. The garden is held in the school auditorium, and admission is free.

The Junior Advocates’ Garden of Variety is a great way for the junior members of the club to express their love for their mothers and fathers. It is a fun and entertaining event that is enjoyed by all who attend.
