Remarks on the Significance of Infectious Disease
“In any effort to understand what lies ahead, as much as what lies behind, the role of infectious disease cannot properly be left out of consideration. … Infectious disease which antedated the emergence of humankind will last as long as humanity itself, and will surely remain, as it has been hitherto, one of the fundamental parameters and determinants of human history” (William H. McNeill)

Course Overview
Infectious disease has affected world history more extensively than most of us can imagine. This course will examine infectious disease as both a mirror reflecting macro historical process and a causative agent of change in governance for health. By taking this course, students are expected to not only obtain an in-depth understanding of the impact of infectious disease but also learn to use some important analytical tools to study issues of global health governance.

Textbooks

Requirements
Because this course emphasizes genuine, informed participation by all involved, it will be expected that students keep up with the readings. Students will be asked questions (“Socratic Dialogue”) and that interaction will constitute an important part of the “participation” consideration in the final grade.

Grading
Course evaluation will be based on the following components: A blog-style short paper (worth 20 percent of the course grade), an oral presentation (worth 20 percent of the course grade) and one take-home final (worth 35 percent of the course grade). The remaining 25 percent of the course grade will reflect in-class participation and attendance.

**Late Assignments Policy**
All assignments and exams should/must be completed by the scheduled time. If for some substantial reason you cannot complete your assignment/exam in time you must/should contact me directly prior to the due date to avoid the penalty for late work.

**About the Syllabus**
In view of the progress of the course, the instructor may modify its contents. Every effort will be made to notify the class should such a deviation become necessary.

**Academic Conduct**
All forms of dishonesty whether by act of omission, including but not limited to, cheating, plagiarism, and knowingly furnishing false information to the University are prohibited and may elicit University sanctions of suspension or expulsion.

**Accommodation**
Students at Seton Hall University who have a physical, medical, learning or psychiatric disability, either temporary or permanent, may be eligible for reasonable accommodations at the University as per the Americans with Disabilities Act (ADA) and/or Section 504 of the Rehabilitation Act. In order to receive such accommodations, students must identify themselves at the Office of Disability Support Services (DSS), provide appropriate documentation and collaborate with the development of an accommodation plan. The DSS phone number (973) 313-6003. For further information, please go to DSS website.

**Course Schedule and Reading Assignments**

**August 26**  
**Introduction**
