Bishops Halt Sit-in Protest
By Caycelone

Washington—Catholic Bishops, in a joint appeal to the Church, asked the President to take steps to prevent the killing of a man who has been under police harassment for many years.

The President, in response, said he would ask the Justice Department to review the case.

The bishops, in their statement, said they would like to see the case settled in a way that would not involve the death of the man.

The bishops also urged the President to look into the case of a man who has been under police harassment for many years.

Letters to the Editor

M.D. Sees Editorial As "Complimentary"

Editor:

Having just read Dr. John DeLaney's criticism of our editorial "Physician, Had Typhus?" I hasten to write on another to his letter.

In fact, as an adage says, every cloud has a silver lining. So perhaps Dr. DeLaney's criticism is what is termed a "compliment" and does not carry the meaning of "criticism," as I understand it. It is apparent to me that the criticisms that I have read and heard from the public, the opposition and the law, have said so much as to the point that they have practically prepared me for the criticism he has made in his letter.

In conclusion, I want to say that I have been greatly impressed by your editorial and I hope that you will continue to support the position of the Medical Society of New York.

Sincerely yours,

Parent Says School Promotes Too-Early Dating Situations

By Rev. John L. Thomas, S.J.

Armand, a 14-year-old boy, tells us that he favors the educational policy of his schools, which allow the boys and girls to date from the age of five, which is before they have learned to read or write. Consequently, they are taught to read and write without the aid of any teacher.

Although I've never seen this procedure practiced in any school, I've heard that this is the case in our school. I have great respect for this educational policy, but I still think that the way to educate a child is to make him learn to read and write before he is ready to become a man.

The policy of the schools is that if a child is ready to become a man, he should date a girl. I believe that this is a mistake. It is not until a child is able to read and write that he is able to understand the importance of dating and the responsibilities that are associated with it.

In conclusion, I believe that the educational policy of the schools is not the best way to educate a child. It is more important for a child to learn to read and write before he is ready to become a man.

Sincerely yours,

God Loves You

By Bishop Patrick J. O'Brien

A Sunday in the East Coast is a time of excesses, especially for the Catholic Church. Many of our people have been exposed to the ideas of excess by the media and by their own experiences. The excesses that are prevalent in our society today are a great source of concern for the Bishop.

In conclusion, I want to say that it is important for our people to understand the excesses that are prevalent in our society today and to avoid them. It is more important for our people to live a life of moderation and to avoid the excesses that are prevalent in our society today.

Sincerely yours,

Mission Society Annuity Promises Eternal Return

How much money do you have? Do you want to help the Church? Do you want to leave a legacy in the Catholic Church? If you answer yes to any of these questions, then consider participating in the Mission Society Annuity Program.

The Mission Society Annuity Program is a way for Catholics to support the Church's mission work around the world. By purchasing an annuity, you are making a gift that will benefit the Church for many years to come. The annuity will provide a regular income to the Church, which can be used to support the work of the Church in your community and around the world.

How does it work? When you purchase an annuity, the Church will agree to pay you a certain amount of money each month for a specified period of time. The amount you receive will depend on the size of your annuity. The Church will use the proceeds from the annuity to support its mission work, which includes building and maintaining churches, schools, and hospitals; providing education and health care to those in need; and supporting the work of the Church in other countries.

The Church welcomes donations of any size. Whether you can give a large or a small amount, your gift will be gratefully received and used to support the Church's mission.

For more information, please contact your local Catholic parish or the Catholic Charities office in your area. They will be happy to answer any questions you may have and help you understand how you can make a gift that will benefit the Church.

NEWARK — Archbishop Hartley Nicola has called for a special collection for the Archdiocesan Seminary in Darlington, maintained by the New Jersey Province of the Society of Jesus.

Archbishop Nicola issued a letter to all parishes of the Archdiocese, which will be distributed to all Catholic parishes in the state, urging them to consider the needs of the seminary.

The letter notes that the seminary is facing financial difficulties and that a special collection is needed to support its operations.

The Archbishop has asked that the parishes consider contributing to the seminary's needs, and that this collection be used specifically for the support of the seminary.

The collection will be held on the weekend of October 15th, and all contributions will be sent directly to the seminary.

The Archbishop expressed gratitude for the support of the parishes in the past, and asked for their continued support in this time of need.

The letter concluded with a prayer for the salvation of souls and for the continued success of the seminary.
