Face Expropriation

CAIRO, Egypt (AP-CBS) -- Egypt's law se-
cretariat announced that the government
has decided to expropriate the property of
the Church of St. John the Baptist in El
Tob; and of the Church of the Holy Family
in New York's Coptic suburb.

The announcement came after the govern-
ment last week refused to renew the
Church's lease of St. John's property.

The secretariat said in a statement that
the expropriation was because of the
Church's failure to pay the annual rent of
$325 on the property.

THE PRESIDENTS of three schools in Egypt
were arrested by police in Cairo.

They were charged with suspected
activities against the state.

In St. Mary's Church, located in the Coptic
suburb, the police said the church's
property was seized.

Anglicans Pray for 40 Martyrs

LONDON (CNS) — Anglicans are praying for the 40 martyrs of the Severan persecution of 202 A.D., whose testimony the churches and the world need today.

A church service and candlelight procession in honor of the 40 martyrs took place in London on April 9, on the occasion of the start of the Lenten season.

The 40 martyrs include the seven sons of St. Secundus, who performed their own executions after being ordered by the Roman governor to renounce their faith.

The service was attended by the Bishop of London, Richard Chartres.

"Today's Lent is not a season of fasting, but a season of preparation for the celebration of the most important event in the Christian calendar," Chartres said. "It is a time of reflection and renewal, when we come to terms with our own failures and weaknesses and seek forgiveness and reconciliation with God and others.

"As we pray for the 40 martyrs of the Severan persecution, let us also pray for our own community, that we may be strengthened in our faith and renewed in our commitment to the Gospel of Jesus Christ," he added.

Chartres also called on Anglicans to pray for the upcoming visit of Pope Francis to England, which is scheduled to take place in June 2023.

A prayer for the 40 martyrs was read by the Bishop of London, Richard Chartres, at the service.

The service was attended by the Archbishop of Canterbury, Justin Welby, and other members of the Church of England.

"We pray for the 40 martyrs of the Severan persecution, that their faith and courage may inspire us to follow in their footsteps and be faithful to our own convictions," Welby said.

The service was held at Christ Church, Spitalfields, in the heart of London.

Bishop Curtis Asks Families To Resist Social Pressures

BISHOP Curtis asks families to resist social pressures that are pushing children towards a "single lifestyle".

In an interview with the Advocate, Bishop Curtis said that emerging research shows that young people are increasingly choosing to be single, leading to a decline in family formation.

"We need to work to reverse this trend," he said. "It is important for parents and families to set an example of the family as a good thing, and to support and encourage their children to enter into marriage and family life.

"It is crucial that we create an environment where we can celebrate family life, and to remind our young people of the benefits of family life, such as providing a stable and loving home, and the importance of having a strong support system.

"We need to be careful not to let the culture dictate what is right and wrong, and to help our children to make their own decisions about what is best for them.

"We need to work to reverse this trend, and to help our children to see the benefits of family life," he added.

May Was Perplexed
By Gabriel's Greeting

FRANK J. SHRECK

"Peace and grace upon you," the angel Gabriel told the young Mary. "And may your Lord be well pleased with you."

Mary was taken aback. She did not expect such a greeting, nor did she understand its meaning. But she trusted in the word of the angel and accepted it with humility. Gabriel then announced to Mary that she would conceive and bear a son, whom she would name Jesus. This son would bring salvation to the world and would be the Saviour of the world. Mary, filled with the Holy Spirit, assented to this announcement and became the Mother of God.

The angel Gabriel's visit to Mary was a significant event in the story of salvation. It marked the beginning of the Incarnation, the taking of the Son of God into human nature. Mary's acceptance of this divine mission was evident in her response, "Behold, I am the servant of the Lord; let it be to me according to your word."

The message of the angel Gabriel to Mary is a reminder of the importance of obedience and faith in the face of unexpected circumstances. It is a reminder that God's will may be contrary to our own desires, but it is always fulfilled with the grace and strength provided by the Holy Spirit. Mary's example serves as a model for all who seek to follow the Lord and to do His will.

Red Indictment
Of Eencycle

By LOUIS F. BURGEN

In 1962 there was a scandal in the political world of the United States. The scandal was caused by the so-called "Red Indictments." The indictments were brought against 18 Communists, including several leading figures in the American Communist Party. The indictments were based on the theory that Communists were a threat to American democracy and that they should be punished for their political activities.

The indictments were a significant event in the history of American politics. They demonstrated the power of the American government to suppress political dissent and to punish those who were accused of being subversive. The indictments also highlighted the importance of free speech and the need for a democratic society to protect the rights of all its citizens.

The indictments have been criticized by many who believe that they were an abuse of the criminal justice system. They were seen as a means of stifling political opposition and of silencing those who disagreed with the government. The indictments were also seen as a means of undermining the democratic process and of weakening the foundations of American democracy.

January Intentional

This is the time of the year when the Church asks us to reflect on the year just past and to plan for the year ahead. The Church encourages us to reflect on our own lives and to ask ourselves what we have done well and what we need to improve. The Church also encourages us to reflect on the world around us and to ask what we can do to make it a better place.

The time of the Church's January Intentional is a time of reflection, prayer, and action. It is a time to renew our commitment to our faith and to our love of neighbor. It is a time to reflect on our own lives and to ask ourselves what we can do to make the world a better place.

The time of the Church's January Intentional is a time of hope and renewal. It is a time to look back on the past year and to look forward to the year ahead. It is a time to reflect on our lives and to ask what we can do to make the world a better place.
Dear Editor,

I believe that this is the first time in American cultural history that the use of human body parts has been banned by legislation. This legislation was introduced to prevent the exploitation and degradation of human bodies for commercial purposes.

DARLINGTON — Ceicling above the lay audience, a small blackboard was on display in the church hall, the handiwork of Msgr. John J. Canice, pastor. As the family heads of Darlington gathered for a retreat, they would be glad to know they can always count on 32-year-old Msgr. Canice to clarify the church's teachings for them.

Msgr. Canice took his audience through the liturgical calendar of the church, explaining the importance of the various feast days and the meaning behind them. He also addressed the concept of the Eucharist, explaining that it is the source and summit of the Christian life, the liturgical center of the Church's life, and the basis for her mission. He also spoke on the importance of prayer, emphasizing that it is through prayer that we become more like Christ and that it is through prayer that we can overcome the pressures of the world.

Msgr. Canice's deep knowledge of the Church's teachings and his ability to communicate them in a clear and concise manner earned him the respect of his congregation. To them, he is not only a priest, but a friend and confidant.

The Rev. Gerald Mische, pastor of St. Gerald's Church, also attended the retreat. He was impressed with Msgr. Canice's knowledge and his ability to make the church's teachings accessible to the lay audience.

"Msgr. Canice is a true shepherd," he said. "He has a deep understanding of the church's teachings and he is able to communicate them in a way that is easy to understand. He is a true inspiration to the parishioners of Darlington."

Mr. O’Connor also spoke to the Union-Elizabeth-Bergen Publicists of New Jersey about the role of love in his novel, which is about a man who loves a woman and is prepared to die to save her.
