## RIGHTSHOLDER TERMS AND CONDITIONS

We ask that you review the copyright information associated with the article that you are interested in, as some articles in the ASM Journals are covered by creative commons licenses that would permit free reuse with attribution. Please note that ASM cannot grant permission to reuse figures or images that are credited to publications other than ASM journals. For images credited to non-ASM journal publications, you will need to obtain permission from the journal referenced in the figure or table legend or credit line before making any use of the image(s) or table(s). ASM is unable to grant permission to reuse supplemental material as copyright for the supplemental material remains with the author.

This journal title may publish some Open Access articles, which provide specific user rights for reuse. Please refer to the article copyright line to determine whether the content you wish to use is Open Access. For Open Access content, permission to reuse is granted subject to the terms of the License under which the work was published. Please check the License conditions for the work which you wish to reuse. Full and appropriate attribution must be given. This permission does not cover any third party copyrighted material which may appear in the work requested. Please contact the publisher with any questions.
