Our Mission
Seton Hall is a major Catholic university. In a diverse and collaborative environment it focuses on academic and ethical development. Seton Hall students are prepared to be leaders in their professional and community lives in a global society and are challenged by outstanding faculty, an evolving technologically advanced setting and values-centered curricula.

As approved by the Seton Hall University Board of Regents, June 6, 1996.
Saint Elizabeth Ann Seton, from whom our University takes its name and its inspiration, lived and breathed a lifelong commitment to education. As a visionary and the principal architect of our country’s parochial school system, her deepest and most dearly held conviction was to form responsible citizens capable of bringing to society the wisdom, knowledge, competence and integrity it so desperately needed, then and, perhaps even more so, now.

Today we use the term “servant leader” to encapsulate our commitment to that foundational concept.

"It has been the only desire of my soul to know the Truth," Mother Seton once wrote, nearly two centuries ago. As our University celebrates its Sesquicentennial - 150 years of service to you, the students, who are the most important members of our community - I can say without hesitation that our desire remains the same: The courses contained in this catalogue have as their ultimate goal that truth which our patroness sought with her whole heart, mind and strength.

Truth in all its wonderfully rich and varied aspects, theological and scientific, philosophical and literary, is the stated aim and essential characteristic of a Seton Hall education, which seeks to form servant leaders willing and able to give something of lasting value to the society in which they live and work.

Please keep this in mind as you glance through the pages of this catalogue and prepare for the academic year. In selecting your courses, know that you are embarking on a great adventure and following tens of thousands who have gone before you, each pursuing that truth, which alone sets us free.

Godspeed on this, one of the greatest adventures of your life!

Monsignor Robert Sheeran
President
Seton Hall University
This catalogue is your practical guide to the academic programs of Seton Hall University. In it you will find the answers to your questions about admissions, specific academic programs, degree requirements, and student services in the various schools, colleges, and other divisions of the University. You should keep a copy of the catalogue from your year of admission, as that catalogue constitutes the academic agreement between you and the University concerning program and degree requirements. Undergirding these programs and requirements is a philosophy of Catholic education informed by 150 years of experience. During that century and a half the United States has grown into a world power and Seton Hall has grown into a large and complex institution, yet it remains faithful in the new global context to the vision of its namesake, Saint Elizabeth Ann Seton, still developing what we now call servant leaders, but now for a global society.

The great nineteenth century educator and writer, John Henry Cardinal Newman, famously once asserted that “the true and adequate end of intellectual training and of a university is not learning or acquirement, but rather is thought or reason exercised upon knowledge, or what may be called philosophy.”* A quaint relic of a bygone era? Or an enduring truth concerning the ultimate aim of a proper university education, especially one whose Catholic philosophy demands that it educate the whole person, one whose knowledge is combined with character and a desire to serve others, and all for the greater glory of God? To gain the fully enriched life for which a Seton Hall experience can prepare you, I suggest that on occasion at least, you take a few moments from your busy days to reflect on Newman’s aphorism.

Frederick F. Travis, Ph.D.
Provost
Seton Hall University

Center for Community Research and Engagement

The Seton Hall Sports Poll at the Sharkey Institute

Richard Gentile, B.A., Director

The Seton Hall Sports Poll at the Sharkey Institute, a new initiative of the Center for Sport Management within the Stillman School of Business, officially launched in the Fall 2006 semester. The Institute will serve as a source of polling services and survey research dedicated to sport, placing the University in a domain unoccupied by any other university in America.

Founded with a generous donation from Thomas J. Sharkey and his wife Ruth, the Seton Hall Sports Poll serves as a barometer of public opinion on the important issues confronting sports today. The distinction of the Seton Hall Sports Poll is that it will be strictly focused on current sport issues. Since no other polling institute centers itself on sport, the Sharkey Institute will occupy a unique niche with immense traction in the marketplace. The dynamics of the sport industry provide an ideal opportunity for the Institute to present newsworthy findings on a regular basis.

The Sharkey Institute will also impact the broader curriculum within the Stillman School and throughout the University. Among the numerous educational opportunities, marketing courses will have the benefit of a live market research center, and students in their core statistics classes can analyze real-time data. Management students can develop planning and organizing competencies required to run a polling center, and students in communication can craft news releases for use in the Setonian and on WSOU regarding the findings of the latest polls. The business faculty may help shape emerging ethical sports questions. In all, the prospects to expand students’ learning to other important niches within the University are robust.

The Department of Housing and Residence Life provides a living, learning environment that fosters the academic and personal experience for residents, and helps them prepare for the rest of their lives.

Seton Hall is “home” to approximately 2,200 students - nearly 50 percent of the undergraduate population. There are six on-campus residence halls for undergraduate students and two apartment buildings, located in South Orange, for juniors and seniors.

Seton Hall University and the Department of Housing and Residence Life are dedicated to meeting the needs of all residential students. The residence halls provide a rich variety of lifestyle options, including first-year student halls, and a variety of academic interest groups within each residence hall. All residence halls are smoke-free environments. In addition, residents are encouraged to be part of the decision-making process by participating in hall council and Resident Student Association (RSA).

All residence hall rooms are furnished with twin beds, dressers, desks and wardrobe/closets for each resident. Additionally, each room is technologically ready with high-speed data connections for two individual computers. All rooms have cable television service featuring HBO, ESPN and other popular channels, as well as STC phone service allowing for individualized student billing.

The department employs a diverse and experienced staff of professionals who work together to facilitate the personal growth of each resident student. The staff’s goal is to create a strong community that encourages student involvement. The director of housing and residence life is responsible for overall management of all activities, administrative processes and supervision of all staff. One associate director is responsible for residential education, staff supervision and programming. Three assistant directors are responsible for the first-year residential experience, training and development and summer conferences. The assistant director for housing services coordinates student room assignments and other business functions.

In addition, each residence hall and apartment building has its own staff. Six residence hall directors and five residence coordinators are responsible for all the activities and staff in a particular building or area. They are assisted by resident assistants (RAs) and academic teaming assistants (ATAs). RAs are undergraduate students assigned to each wing or floor in the residence halls and apartments. RAs are programmers, mediators and advisers for residents. ATAs are undergraduate students in designated majors who conduct programs aimed at promoting academic success.

GPA Requirement for On-Campus Living

Beginning with the incoming class for Fall 2000, (and subsequent implementation for all returning students) residents will be required to maintain at least a 1.8 overall GPA to reside in campus housing. A student may file an application for an exception to this minimum GPA requirement. If granted, the student can expect conditional residence focused on ensuring academic success and progress.

Priests in the Residence Halls

Priests of the University community live in the residence halls. The role of priests living in the halls is pastoral. They offer opportunities for spiritual growth, counseling, prayer, and Eucharistic Mass, room blessings, individual/prayer group and other celebrations.

Dining on Campus

Bishop Dougherty University Center, (973) 761-9559  
Hours: Monday-Sunday, 7 a.m.-1 a.m.  
E-mail: gourmetdining@shu.edu

The Galleon Room is located in the lower level of the Bishop Dougherty University Center. It is open from 7 a.m.-1 a.m., seven days a week when the University is in regular session. The Galleon Room is divided into two sections, the Galleon Food Court and the Pirate Dining Room. The Galleon Food Court accepts Pirate Dollars, Pirate’s Gold, and cash. This section of the room allows students to purchase food on an “a la carte” basis from different stations in a food court setting (hours are listed below). The Pirate Dining Room is designed for traditional style dining and uses the meal per week portion of the meal plan, cash or Pirate’s Gold to access the area. Once inside the student has the choice of several buffet selections with unlimited returns. Below are the hours of operation for both areas.

Pirate Dining Room

F 8 a.m.-12 p.m.  
F 8 a.m.-3 p.m.
The Pirate’s Cove, the University coffeehouse, is located on the first level of the University Center. The Pirate’s Cove offers a wide range of Starbucks coffees, teas, smoothies, soda, specialty sandwiches and desserts in a relaxing coffeehouse atmosphere. It is open Monday-Thursday 8 a.m.-11 p.m., Friday 8 a.m.-3 p.m., closed on Saturday and on Sunday when the University is in regular session.

Seton Hall University’s Meal Plan Program allows students to select one of six options. Each student’s ID card has a set number of meals per week plus Pirate Dollars that can be used to purchase products from the Galleon Food Court and Pirate’s Cove, or to enter the Pirate Dining Room. In the Pirate Dining Room portion of the meal program, students will have one meal deducted every time they enter. Once in the Pirate Dining Room, students are allowed to eat whatever they choose with unlimited returns. Each student’s number of meals will be reset according to his or her meal plan every Monday morning. A display at the register shows the amount being charged and the balance of meals or points remaining. Additionally, there is a plan specially designed for commuters only which allows them access to the benefits of a meal plan. Plans are active during the entire Fall and Spring semesters, however, they are not active between the Fall and Spring semesters (Christmas) or the Spring and Fall semesters (summer). Meals remaining at the end of each week throughout the semester are not refundable.

Information concerning current Resident Meal Plans can be found at http://studentaffairs.shu.edu/housing/mealplans0405.htm or by calling (973) 761-9559.

Identification Cards/Card Access

The Campus ID Office provides identification cards to University students, faculty and staff. The card is utilized for identification, access, meal plans, Pirate Dollars and Pirate Gold. All members of the University community must present a University identification card upon request to any University official, representative or campus security officer. Identification cards must be presented at residence halls, the Recreation Center, the computer center and Walsh Library. It is also used for access into many academic buildings and labs.

Pirate’s Gold

Pirate’s Gold acts as a debit card that is part of the ID card program. Seton Hall cardholders can add money to their cards to be used at various locations on campus. These locations are the bookstore, dining facilities, residence hall laundries and vending.

The uses and locations for the ID card to be utilized are expanding. Please check with the Campus ID Office for our latest information. You may also visit the Campus ID Office Web site at studentaffairs.shu.edu/campusid/index.html

The College of Arts and Sciences offers programs of study leading to the degrees Bachelor of Arts, Bachelor of Science, Master of Arts, Master of Science, Master of Healthcare Administration, Master of Public Administration and Doctor of Philosophy.

Through its core courses, the College of Arts and Sciences provides students with a foundation in the liberal arts and training in essential skills such as writing and oral communication; through its majors and minors, the College prepares students for professional careers or graduate education. A vibrant and dynamic community of learners, the College of Arts and Sciences has foundational roots in a rich intellectual tradition rooted in the liberal arts, is served by a committed and nationally recognized faculty, and offers courses and programs which provide students with multiple pathways to success. Future directions include a redesigned Science and Technology Center, which will enable students to engage in cutting-edge research in state-of-the-art facilities, and an alliance with Village of South Orange, which will add to performance facilities for the arts at the new South Orange Performing Arts Center.

  New undergraduate degree programs being developed in 2006-07 include bachelor of arts degree programs in criminology and Latin American and Latino/Latina studies, and a bachelor of science degree in computational biology.
  From time to time, the College offers special courses unattached to any particular department. They are by nature occasional, interdisciplinary and experimental, and allow for a variety of interests and initiatives.
  The undergraduate program is based on the general requirements to which students, guided by a faculty adviser, add courses required in their major field and free electives.

Curriculum Changes and Additions

Department of Asian Studies
Courses added to or updated in the 2005-2007 Undergraduate Catalogue (see page 86):

ASIA 2118 (RELS 2418) Buddhist World of Thought and Culture
This course is intended as an introduction to Buddhist traditions in South and Southeast Asia, East Asia, and the West. Progressing both chronologically and thematically, the course begins with the earliest known strata of Buddhist ideas created in India some 2500 years ago. After an introduction to basic Buddhist doctrines and practices, students study the spread of Buddhism southward to Sri Lanka and Thailand and northward to Tibet, China, Japan, and Korea. The course will culminate in a brief overview of Buddhist practices in America.

B.A./M.A. Option

History majors with a GPA of 3.4 have the option of completing both the undergraduate (B.A.) and graduate (M.A.) degrees in a total of 10 semesters (five years of study). After having completed 75 credits toward a B.A. with at least 21 credits in history, students may apply for admission to this joint degree program. Accepted candidates will normally be expected to enroll in two approved graduate-level history courses each semester of their senior year of study for a total of 12 credits. During the fifth year of study, students will be expected to enroll in a total of three approved graduate-level courses each semester for a total of 18 credits. The courses students must include an introductory course called “The Historian’s Craft,” a minimum of one Program in Directed Readings (PDR) course, and four courses in the chosen area of concentration (either United States, European, Global, or Catholic History). To complete the degree students may choose either to conduct two-semesters of thesis research and writing or to complete comprehensive written and oral examinations in the final semester of study. See Graduate Catalogue for admissions requirements. Please contact the Director of Graduate Studies in the Department of History for more information.

RELS 3595 Special Quest: Christianity, Democracy and Common Good
Since the onset of the war on terrorism and the war in Iraq, the idea that the “best” society is a democratic one has taken center stage in recent political discourse. Significantly, many Christians have endorsed this idea, arguing for a robust expansion of democratic freedom around the world. This course seeks to evaluate such arguments by exploring questions such as: What is democracy? Is democratic freedom/politics compatible with Christianity? Must a good Christian be a good democrat? To address these questions, we will explore a number of views on sin, law, human rights, virtue, relativism/universalism, and the common good. 3 credits
### Social and Behavioral Sciences/Dual Degree Programs with the School of Graduate Medical Education

Update to the program requirements for the SOBS/Occupational Therapy program in the 2005-2007 Undergraduate Catalogue (see page 182)

### Admissions Criteria

The Occupational Therapy Program at Seton Hall University is unique because it accepts students for enrollment in the entire program. Admission to the program is both competitive and extremely selective.

Applicants should have successfully completed a high school college preparatory curriculum, including courses in social sciences, biology, mathematics, English and a foreign language. Scholastic Aptitude Test (SAT) scores are required of all applicants. International students must submit Test of English as a Foreign Language (TOEFL) scores. Transfer students will be considered for the first three years of the program and should have a minimum 3.0 GPA. It is being recommended that transfer credits into dual degree programs be limited to 70.

Before entering the graduate program, applicants are required to complete 50 hours of volunteer/observation work under the supervision of a licensed occupational therapist in a hospital or other health care setting to strengthen interpersonal skills and to develop an understanding of the needs and capabilities of clients and the role of the occupational therapist. A supportive level of reference from a supervising occupational therapist is required of all students entering the graduate program.

### Program Requirements:

Students who maintain the required 3.0 grade point average as an undergraduate and complete the requirements of the social and behavioral sciences program by the end of their junior year are guaranteed admission into the final three years of professional studies.

In order to move into the professional stage of this 3+3 program, students must also have a minimum overall GPA of 3.0 in the prerequisite courses indicated below (*) with no grade being less than a C in a prerequisite course.

Students in SOBT (Social and Behavioral Science-Occupational Therapy) can choose one of four concentrations in their undergraduate program: sociology, anthropology, social work and psychology. Regardless of minor selected, all students must take PSYC 1101 (Introduction to Psychology) before taking the required prerequisite courses in Developmental Psychology (PSYC 2212) and Abnormal Psychology (PSYC 2214). SOCI 1101 (Introduction to Sociology) is a pre-requisite for all sociology courses and ANTH 1202 (Cultural Anthropology) for all Anthropology courses. The director of social and behavioral sciences assists students in planning their undergraduate course of study in order to complete that part of the 3+3 program by the end of junior year.

### Model Curricula:

#### Curriculum: Pre-Professional Phase

**Social and Behavioral Science - Sociology, Anthropology, Social Work or Psychology.**

SOBT majors declare a minor in either of the social sciences listed above. Though the program sequence below is only a model, students are encouraged to take their biology requirement in the summer between sophomore and junior year.** A total of 98 credits need to be completed before entering the graduate program.

B.A. or B.S./M.B.A. Program
(replaces text found on pages 198-199 of the 2005-2007 Undergraduate Catalogue)

The College of Arts and Sciences and the Stillman School offer a joint program that leads to two degrees: a bachelor’s degree in a liberal arts or science and a Master of Business Administration.

The unique feature of this program is that both degrees can be earned in five years. By carefully selecting courses, the student can complete the requirements for both degrees in as few as 160 credit hours. The student spends the first three years taking arts and sciences courses. After the completion of 75 credit hours, the student applies for the M.B.A. program. Students must meet all requirements for admission to the M.B.A. program, including earning a GMAT score of 500 or higher and attaining an undergraduate GPA of 3.0 or above. If accepted, the student takes a mixture of arts and sciences and business courses in the fourth year. The fifth year is reserved exclusively for graduate business courses. When the student has completed all undergraduate degree requirements and 130 credit hours, the student receives a bachelor’s degree. After completing the M.B.A. requirements and a minimum of 160 total credit hours, the student also receives an M.B.A.

Purpose
The purpose of the program is twofold:
1. Students receive a broad-based undergraduate education. Students major in an arts and sciences discipline to gain a broad perspective in the humanities and social and physical sciences and a comprehensive grasp of one arts and sciences major;
2. Students begin graduate coursework while completing a bachelor’s degree. This enables the arts and sciences student to obtain an M.B.A. with one additional year of study.

Basic Principles and Requirements
In offering this program, Seton Hall operates on three basic principles:
1. Students must complete their undergraduate arts and sciences courses and fulfill the requirements for an undergraduate major;
2. Students must apply for and gain admission to the M.B.A. program after the completion of a minimum of 75 credit hours in arts and sciences; and
3. The joint program requires a minimum of 160 credit hours; within this number, a student completes specified arts and sciences requirements, an undergraduate arts and sciences major field, and the specified M.B.A. curriculum.

The breakdown of the minimum 160 credit hours is as follows:
1. Students complete the core curriculum of the College of Arts and Sciences and major field requirements. The total credits vary depending upon the requirements of the major field.
2. Students complete the following undergraduate and graduate business courses:

<table>
<thead>
<tr>
<th>Course</th>
<th>Credits</th>
</tr>
</thead>
<tbody>
<tr>
<td>BLAW 2301 – Legal Foundations of Business</td>
<td>3</td>
</tr>
<tr>
<td>BACC 2103 – Financial Accounting</td>

</tr>
<tr>
<td>BMBA 9201 – Social Responsibility</td>

<tr>
<td>BMBA 9202 – International Perspective</td>
<td>2</td>
</tr>
</tbody>
</table>
3. Remaining M.B.A. curriculum requirements, including 12-15 credits in the selected concentration area, are fulfilled by taking graduate business courses.

The total credit hours consist of 118 undergraduate credits and 42-45 graduate business credits. Students must consult their major advisers in the College of Arts and Sciences for specific information. Graduate course information is available through the Stillman School’s Student Information Office, Jubilee Hall, Room 526, (973) 761-9222.

B.A./M.B.A. Curriculum
1. Arts and Sciences Core Requirements.
2. Major Fields: anthropology, art history, biology, chemistry, classical studies, communication, economics, English, fine arts, history, modern languages, music history, political science, psychology, religious studies, and sociology.

Consult course descriptions for more details. If these requirements can be met in fewer than 160 credit hours, students may take elective courses to complete the 160 credit-hour minimum.

Director: Monsignor Richard Liddy

Many dimensions of Catholic culture come alive for students participating in the Interdisciplinary Program in Catholic Studies.

The program engages students in the imaginative and sacramental expressions of Catholic life in literature, the arts, social systems and personal experience. Its interdisciplinary dimension and range of electives give students insight into Catholicism’s dynamic interaction with cultures, traditions and intellectual life throughout history. At the same time, the program’s interpersonal approach and opportunities for sustained reflection on current issues invite students to enter into a deeper, more mature understanding of the Catholic faith.

Students may choose a major, minor or a certificate in the program. Note: Students declaring Catholic studies as a second major at the end of their first year must have sophomore status and a GPA of 2.5.

For further information about the Interdisciplinary Program in Catholic Studies, please consult the 2005-2007 Undergraduate Catalogue, pages 190-191.
Women’s Studies

Fahy Hall
(973) 275-2709
artsci.shu.edu/cws/

Director: T.B.D.

The Women’s Studies Program is established in the spirit of St. Elizabeth Ann Seton, whose life of activism, spirituality and leadership serves as an inspiration to our community. The program embraces, as does the University as a whole, the life of Elizabeth Ann Seton as a model and example.

The Elizabeth Ann Seton Center for Women’s Studies seeks to create a supportive and challenging learning environment that prepares students for effective and responsible participation and leadership in their professional, academic, spiritual and family lives.

The center seeks to uphold the goal of the University’s mission statement to create a curriculum that helps students understand the nature of the world and the human person. The creation of the Elizabeth Ann Seton Center for Women’s Studies Program draws on traditions that continue to inspire the University that bears her name and invokes the spirit of her vision to face the challenges of the new millennium.

Curriculum Changes and Additions

B.S. in Business Administration
(replaces text found on page 196 of the 2005-2007 Undergraduate Catalogue)

To attain the degree of Bachelor of Science in Business Administration, all students must satisfactorily complete liberal arts courses, both required and elective, business core courses, the requirements of their concentration and sufficient free electives to total 128 credits. The last 30 credits of the B.S. in Business Administration degree must be taken at the University.

Concentration in Diplomacy and International Relations
(replaces text found on page 198 of the 2005-2007 Undergraduate Catalogue)

Students may elect to declare a concentration in Diplomacy and International Relations. Students who declare this concentration will complete the requirements of the minor in Diplomacy and International Relations offered by the Whitehead School of Diplomacy and International Relations. Remaining elective credits must be selected from courses offered by the College of Arts and Sciences.

B.A. or B.S./M.B.A. Program
(replaces text found on pages 198-199 of the 2005-2007 Undergraduate Catalogue)

The College of Arts and Sciences and the Stillman School offer a joint program that leads to two degrees: a bachelor's degree in a liberal arts or science and a Master of Business Administration.

The unique feature of this program is that both degrees can be earned in five years. By carefully selecting courses, the student can complete the requirements for both degrees in as few as 160 credit hours. The student spends the first three years taking arts and sciences courses. After the completion of 75 credit hours, the student applies for the M.B.A. program. Students must meet all requirements for admission to the M.B.A. program, including earning a GMAT score of 500 or higher and attaining an undergraduate GPA of 3.0 or above. If accepted, the student takes a mixture of arts and sciences and business courses in the fourth year. The fifth year is reserved exclusively for graduate business courses. When the student has completed all undergraduate degree requirements and 130 credit hours, the student receives a bachelor's degree. After completing the M.B.A. requirements and a minimum of 160 total credit hours, the student also receives an M.B.A.
Purpose
The purpose of the program is twofold:
1. Students receive a broad-based undergraduate education. Students major in an arts and sciences discipline to gain a broad perspective in the humanities and social and physical sciences and a comprehensive grasp of one arts and sciences major;
2. Students begin graduate coursework while completing a bachelor's degree. This enables the arts and sciences student to obtain an M.B.A. with one additional year of study.

Basic Principles and Requirements
In offering this program, Seton Hall operates on three basic principles:
1. Students must complete their undergraduate arts and sciences courses and fulfill the requirements for an undergraduate major;
2. Students must apply for and gain admission to the M.B.A. program after the completion of a minimum of 75 credit hours in arts and sciences; and
3. The joint program requires a minimum of 160 credit hours; within this number, a student completes specified arts and sciences requirements, an undergraduate arts and sciences major field, and the specified M.B.A. curriculum. The breakdown of the minimum 160 credit hours is as follows:
   1. Students complete the core curriculum of the College of Arts and Sciences and major field requirements. The total credits vary depending upon the requirements of the major field.
   2. Students complete the following undergraduate and graduate business courses:

<table>

3. Remaining M.B.A. curriculum requirements, including 12-15 credits in the selected concentration area, are fulfilled by taking graduate business courses.

The total credit hours consist of 118 undergraduate credits and 42-45 graduate business credits. Students must consult their major advisers in the College of Arts and Sciences for specific information. Graduate course information is available through the Stillman School's Student Information Office, Jubilee Hall, Room 526, (973) 761-9222.

B.A./M.B.A. Curriculum
1. Arts and Sciences Core Requirements.
2. Major Fields: anthropology, art history, biology, chemistry, classical studies, communication, economics, English, fine arts, history, modern languages, music history, political science, psychology, religious studies, and sociology.

Consult course descriptions for more details. If these requirements can be met in fewer than 160 credit hours, students may take elective courses to complete the 160 credit-hour minimum.

Concentration in Accounting
(replaces text found on page 199 of the 2005-2007 Undergraduate Catalogue)

The concentration in accounting is designed to give training in the fundamentals of accounting as a necessary skill for the understanding of business. It provides a sequence of specialized instruction in accounting theory, financial reporting requirements, cost measurement issues, budgetary control, auditing, taxes and systems that helps the student to prepare for the Certified Public Accountant, Certified Management Accountant and the Certified Internal Auditor examinations and prepare for managerial positions in internal accounting, auditing and controllership, or for graduate study.

Individuals who wish to sit for the Certified Public Accountant exam in the state of New Jersey must complete 150 college credit hours. Those concentrating in accounting can obtain the necessary requirements by enrolling in the combined Bachelor of Science in Business Administration/Master of Science in Professional Accounting Program. Students who wish to sit for the Certified Public Accountant exam in the state of New York should take one additional 3-credit accounting elective course. Students with questions are encouraged to see the Accounting Department Chair.

B.S./Master of Science in Professional Accounting (M.S.P.A.) Combined Program

Undergraduate Seton Hall University accounting students are eligible to enroll in the combined B.S./M.S.P.A. program once they have earned 90 credits and have completed BACC 3111 (Intermediate Accounting II). Undergraduate students are required to take the GMAT and formally complete an application for the M.S.P.A. program. Students enrolled in the combined program take a mixture of undergraduate and graduate courses during their senior year followed by all graduate work thereafter. After earning 128 credits and completing the undergraduate business core, liberal arts core, and all arts and sciences undergraduate elective courses, students have the option of receiving their B.S. degree. After completing all M.S.P.A. requirements and earning 150 credits, students receive their M.S.P.A. degree.
Accounting Concentration Requirements
(replaces text found on page 200 of the 2005-2007 Undergraduate Catalogue)

A student concentrating in the area of accounting must earn a grade of C- or better in both BACC 2103 and BACC 2104 and must complete the following courses with an average GPA of 2.0 or higher:

<table>
<thead>
<tr>
<th>Course</th>

Total: 24

Please note: Students who wish to qualify to take the Uniform CPA Examination in either New Jersey or New York must: (1) meet specific course requirements determined by the state, (2) earn a baccalaureate degree and (3) complete 150 college credit hours. The specific course requirements set by the State of New Jersey are met by fulfilling the requirements of the Accounting concentration. Students who wish to satisfy the specific course requirements set by the State of New York must take three additional credits (of their 4 general elective credits) from courses offered by the Department of Accounting and Taxation. Regardless of whether they wish to qualify under New Jersey or New York requirements, all students must complete a total of 150 credit hours.

Management Information Systems Concentration Requirements
(replaces text found on page 200-201 of the 2005-2007 Undergraduate Catalogue)

The Stillman School Marketing Honor Society
(replaces text found on page 203 of the 2005-2007 Undergraduate Catalogue)

The objective of this group is the pursuit of excellence in undergraduate marketing studies at Seton Hall University and the productive involvement of the best marketing students in the life and activities of the Stillman School of Business. This society is open to marketing majors who have completed a substantial portion of their marketing courses, demonstrated excellence by obtaining high overall and marketing GPAs, and have been active members of the Marketing Club. Students who fulfill these criteria, according to standards set annually by the marketing faculty, are invited to join the society each Spring.

Certificate in Accounting
(replaces text found on page 207-208 of the 2005-2007 Undergraduate Catalogue)

(For both Business and Non-Business Majors)

For Business Majors with a Finance Concentration

This certificate is designed to provide an accounting program specifically tailored to complement the studies of those students with a concentration in finance. It provides those with a finance concentration the opportunity to enhance their ability to analyze financial information and make more informed financial decisions. This certificate is open to any student who meets the academic requirements needed to concentrate in finance. Students interested in obtaining this certificate should register with the chair of the Department of Accounting and Taxation. Upon successful completion of the requirements, the student will be awarded a Certificate in Accounting.

Leadership Studies Program

(replaces text found on page 208 of the 2005-2007 Undergraduate Catalogue)

Leadership Studies is the undergraduate honors program for the Stillman School of Business. Students in the Leadership Program must be admitted to the Stillman School. In addition to the academic requirements, students must complete 40 hours of community service, participate in the mentor program during their junior year, hold leadership positions both on and off campus to complement their studies, attend leadership functions and maintain an overall GPA of 3.2.

New Courses and Changes to Course Prerequisites

BFIN 2201 Business Finance
Introduction to major finance principles: financial goals, financial instruments, time value of money, risk and return, asset pricing, and issues involving capital budgeting and capital structure. Prerequisites: 60 credits, ECON 1403 and BACC 2104. Offered: Fall, Spring, Summer. 3 credits

ECON 1410 Consumer Economics
Even though we live in a more complex and ever-widening world, the basic task of consumer decisions remains unchanged. This course assembles a series of major consumer decision alternatives whereby students must apply economic analysis to arrive at optimal solutions. Prerequisite: ECON 1403. Offered: Summer. 3 credits

ECON 1411 Introduction to Economics
Fundamental principles, concepts, methodology and economic reasoning of the discipline. Emphasis on theoretical, institutional, historical and policy foundations of various contemporary issues. For students not planning to major or minor in economics. Required for a minor in business administration. Offered: Fall, Spring. 3 credits

ECON 3427 The Economics of Health Care
Theoretical and empirical analysis. The growth of the health industry; the supply of and demand for health practitioners; the hospital as an economic organization; models of pricing in selected sectors of the health market; the financing of health services; cost-benefit analysis; and spatial analysis of delivery systems. Prerequisite: ECON 1403 or equivalent. 3 credits

ECON 3462 Government and Business
Examines the regulatory interactions of government with enterprise. Survey of the institutional and legal structure in which business functions in the United States. The theoretical and empirical implications of regulation evaluated through the case method. Prerequisite: ECON 1403. Offered: Summer. 3 credits
Bachelor of Science in Diplomacy and International Relations

(replaces text found on page 220 of the 2005-2007 Undergraduate Catalogue)

The undergraduate program is based on an interdisciplinary global studies curriculum with strong components of cultural understanding, international economics and leadership. A comprehensive world languages program enables students to attain professional proficiency in multiple languages. All students complete a professional internship in order to gain an understanding of career opportunities available to them upon graduation. The Whitehead School of Diplomacy sponsors a study abroad program and regional study trips. Opportunities to participate in Model U.N. and other activities related to the United Nations also are available.

To attain the degree of Bachelor of Science in Diplomacy and International Relations, students must complete the program for a total of 130 credits. While each student is guided by a faculty adviser of the School, the ultimate responsibility for complying with curriculum requirements rests with the student. To complete degree requirements satisfactorily, students must have a cumulative GPA of at least 2.0. Transfer students should obtain academic advisement from the Assistant Dean of Undergraduate Students.

Elementary Education, Early Childhood and Special Education Programs
(replaces text found on pages 227-229 of the 2005-2007 Undergraduate Catalogue)

Faculty: Bosworth-McFadden, Hindin, May, Mitchel, Mueller, Peskin, Raimo, Zinicola
There are two programs of study to choose from within this area.
(1) Integrated Elementary/Early Childhood and Special Education

Accreditation
The College of Education and Human Services had been awarded accreditation by the National Council for the Accreditation of Teacher Education.
(2) Special Education with a concentration in speech and language pathology. *(4+2 program)** Combined undergraduate/graduate program: The undergraduate program consists of an Arts and Science Major, a Special Education major, and a concentration in 18 credits of speech-pathology courses. If candidates maintain a cumulative GPA of 3.0 (including the speech courses), they will receive automatic admission into the Seton Hall M.S. in speech-pathology program.

**Note, this is not an undergraduate speech-pathology program.** No certificate in speech is awarded at the end of the undergraduate degree.

Both programs of study require candidate to: (i) select a content major from the College of Arts and Sciences; (ii) complete a general education sequence that includes a minimum of 90 credits outside of professional education courses, and (iii) complete an education major (30 credits). Candidates must maintain a cumulative GPA of 2.75 or higher to remain in a teacher preparation program; coursework and fieldwork in education cannot occur if the GPA falls below 2.75. The College of Education and Human Services will adhere to state regulations as they change in regard to minimum standards.

The minimum number of credits to graduate, for either program listed above, is 126-129. Credit requirements of the content major from the College of Arts and Sciences may require the candidate to exceed this minimum.

The professional education sequence for these programs leads to the degree of Bachelor of Science in Education and eligibility for endorsement as a teacher, in specified areas, in the State of New Jersey. The sequence of courses is based upon the standards of several national professional associations: (i) the Association for Childhood Education International; (ii) the Council for Exceptional Children, and (iii) the Interstate New Teacher Assessment and Support Consortium (INTASC). As such, the programs offer a high-quality education that reflects best teaching practices as defined by the leading practitioners and researchers in the fields.

Field experience is required for sophomores, juniors, and seniors. Candidates are required to complete four field internships, connected to specific professional education courses, prior to their senior clinical experience. The internships cover an eight week period and consist of 72 hours of contact time in a field setting. Each internship is supervised by a trained representative from the college. The senior clinical experience requires an entire semester of full-time teaching. Supervision at this level occurs at a minimum of eight times throughout the semester. Candidates are responsible for their own transportation to the field internships and senior clinical experience.

Please review the general school requirements for the college on the prior page to see procedures and deadlines for applying for the senior experience.

**Field experience and its connection to Certification:**

The mixture of field placements in the Integrated Elementary and Special Education program can lead to three possible certificates:

(i) Elementary Certification, Special Education Certification, and Early Childhood Certification. Candidates must complete the following range of placements to achieve all three certificates. (i) general education classroom; (ii) inclusive classroom; (iii) one special education classroom (such as a resource room to a private school); and (iv) one preschool-

(ii) Special Education with a concentration in speech-language pathology. Candidates receive a single teaching certificate in this program—special education certification. The field placements are in a range of special education settings such as inclusive classrooms, resource rooms, and private schools.

   i. If adding on Elementary education certification, candidates must take 4 more classes (12 credits) beyond the required program. **Note: This option requires at least two inclusive classroom field settings and the 12 credits do not count toward graduation requirements.

**Eligibility for Endorsement:**

Upon completion of the undergraduate education program, candidates are eligible for recommendation to the State of New Jersey for the certificate of eligibility with advanced standing (CEAS) within their field of study. A passing score on the appropriate Praxis examination is also required for the CEAS. Under current New Jersey regulations, the candidate must then successfully serve as a provisionally-endorsed teacher for one year before the state will grant a permanent certificate.

Although there are reciprocal certification agreements among many states, these are subject to change. Candidates from states other than New Jersey should check with their state’s Department of Education for specific requirements.

- CPSY 2102 Autism and Developmental Disabilities Spring, Sophomore
- CPSY 2101 Learning Disabilities Fall or Spring, Junior
- CPSY 3103 Assessment Fall or Spring, Junior

**Group 3: (18 credits)**

- GMSL: Graduate Medical Education (undergraduate courses open to all)

**Note these courses are taken one per semester throughout sophomore and junior year; two are only offered in the summer (May through the end of June).**

- GMSL 5000 Introduction to Speech and Language
- GMSL 5001 Phonetics
- GMSL 5002 Anatomy and Physiology of the Speech and Hearing Mechanism
- GMSL 5003 Introduction to Language Development
- GMSL 5004 Introduction to Audiology
- GMSL 5007 Introduction to Communication Disorders

**Group 4: Arts and Sciences (42 credits)**

- ENGL College English I and II and a Literature course 9 credits
- MATH Recommend Perspectives I (**If your content major requires a different math, that course should be taken and will count toward this requirement.)

**SCIENCE/HISTORY**

- One Science, One History 6 credits
- HIST 1301 recommended
- RELS Choice-1000 or 2000 level 3 credits
- PHIL Introduction to Philosophy or Ethics (recommended) 3 credits
- MUHI OR ARTH 3 credits
- BMIE 1001 Computer Fundamentals 3 credits
- Electives 3 electives in Arts and Sciences

**Group 5: Content Major from Arts and Sciences**

This major must be at minimum 36 credits. Teaching majors, as defined by the New Jersey Department of Education, are English, math, history, science, world languages, and fine arts. Other majors such as psychology, social and behavioral sciences, liberal studies, sociology, and more may be
taken; however, they are not considered to be teaching majors and elementary teachers who have chosen these majors may not teach beyond 5th grade. **Note: Social Work is not an option for a co-major with education.

Middle School Certification Option:
Candidates who have completed (i) the ESED track (or the DVSL track with the additional elementary education courses to complete that certification) and (ii) a full major from Arts and Sciences, may take an additional 15-16 credits in a content area in order to receive the middle school endorsement. This option is particularly important for those who take majors such as psychology, social behavioral sciences, liberal studies or sociology, because it allows candidates to teach from PreK through 8th grade rather than stopping at 5th grade. The middle school Praxis exam for the chosen area must be taken and passed in order to receive this endorsement. This is in addition to the Elementary Education: Content Knowledge Praxis exam required for elementary certification.

Science: Required courses for middle school certification (16 credits)
- ERTH 1019: Introduction to Geology
- BIOL 1101: Introduction to Biology*
- CHEM 1001: Chemistry and the World Around Us*
- PHYS 1001: Introduction to Physical Science*
- BIOLS 2341 or ENVL 2341: Introduction to Ecology

*Higher level BIOL, CHEM or PHYS courses may be substituted for these courses.

Social Studies: Required courses for middle school certification (15 credits)
- HIST 1301: American History I
- HIST 1302: American History II
- HIST 1201 or HIST 1202: Western Civilization I or II*
- ECON 1411, 1402 or 1403: Introduction to Economics, Micro or Macro
- GEOG 1111: Fundamental of Geography

*World History is acceptable in place of HIST 1201 or 1202

Language Arts Literacy: Required courses for middle school certification (16 credits)
- CPSY 1000: Grammar Workshop
- ENGL 2102: Great Books II
- Writing Course-select one: ENGL 2511, 2512, 2513, 2514, 2515, 3511, 3515
- ENGL 2104: American Literature I
- ENGL 2112: British Literature II
- ENGL 2103 or ENGL 2111: American Literature I or British Literature II

Mathematics: Required courses for middle school certification (15 credits)
- MATH 1102: Math Perspectives I
- MATH 1112: Math Perspectives II
- MATH 1101, 1203 or 2111: Statistics (select one)
- MATH 1015: Pre-Calculus Mathematics, Algebra, and Trigonometry
- MATH 1401: Calculus I

The minimum number of credits to graduate, for any of the options listed, are 126-129. Credit requirements of the content area major may require the candidate to exceed the 126-129 credit minimum.

Candidates must maintain a 2.75 GPA in order to remain in a teacher preparation program; coursework and fieldwork in education can not occur if the GPA drops below 2.75. This GPA must be maintained through the entire academic program and is not limited to a single semester. The College of Education and Human Services will adhere to state regulations as they change in regard to minimum standards.

Programs of Study
The College of Nursing offers programs of study leading to the degree Bachelor of Science in Nursing and is accredited by the Commission on Collegiate Nursing Education, the National League for Nursing Accrediting Commission and is approved by the New Jersey Board of Nursing. Seton Hall University also is accredited by the Middle States Commission on Higher Education. The programs combine liberal education with basic preparation in professional nursing. Registered nurse baccalaureate graduates are prepared to practice nursing in a variety of settings, which may include ambulatory care, acute care hospitals, long-term care facilities, hospices and schools, among others. In addition, the baccalaureate degree in nursing prepares graduates to continue education on a graduate level.
Admission Requirements

In addition to the general University requirements for admission, the College of Nursing requires that applicants complete one unit in biology and one unit in chemistry. Students who do not meet the nursing requirement but meet the University admission requirement will be assigned to pre-nursing status. Students must attain a minimum of a 3.0 GPA before requesting a change in major to nursing. Pre-nursing students cannot enroll in any clinical nursing course. This policy pertains to traditionally admitted students as well as transfer students.

Transfer Requirement

Students must have a 3.0 G.P.A. or higher to be accepted into the College of Nursing.

Licensure

The State Board of Nursing has the responsibility to determine who is eligible to take the registered nurse licensure examination (NCLEX-RN). Graduation from the nursing program satisfies one of the eligibility requirements. There are other eligibility criteria as well. Since eligibility criteria may vary, applicants should check with the Board of Nursing of the state in which they plan to take the examination to determine the eligibility criteria.

Clinical Requirements

Prior to enrollment, accepted students need to complete JCAHO and OSHA requirements for immunization, medical history, and competencies including the American Heart Association Certification course for CPR (BLS for Healthcare Professionals).

Health Examination

Students are not eligible to participate in clinical nursing experiences unless annual health requirements are met. The Health Examination Form, giving specific requirements, is available from the College of Nursing.

Liability Insurance

Students taking clinical nursing courses must be covered by liability insurance. Application forms and additional information can be obtained from the College of Nursing.

Uniform and Equipment Policy

A uniform and equipment policy for clinical practice is in effect in the College of Nursing. Appropriate attire is included in this policy, which must be adhered to by students of professional nursing.

Honor Society

Gamma Nu Chapter of the international nursing honor society Sigma Theta Tau, inducts members annually. Students who achieve an overall cumulative GPA of at least 3.0 and rank within the upper third in their respective programs upon completion of half of the nursing courses are eligible for membership.

Cooperating Community Agencies

Students obtain their clinical experience in a variety of settings. There are more than 40 hospitals, nursing homes and community health agencies that cooperate with the College of Nursing.

Requirements for Progression

To enroll in the first clinical nursing course, students must be a nursing major, meet curricular prerequisites and have a minimum GPA of a 2.0 and at least a "C" in the following courses: BIOL 1102, BIOL 1103 Microbiology and CHEM 1301.

Any student who achieves less than a “C” grade in nursing courses must repeat the course. Students also are expected to exhibit personality values and emotional characteristics consistent with a developing professional nurse role. If, after consultation and work with approved counselors, students do not meet these criteria to the satisfaction of their professors, they will not be permitted to continue the nursing program.

Retention and progression in the nursing program also is determined by the student’s ability to meet successfully the requirements identified in the policy statements titled “Academic Standards for the College of Nursing” in the Undergraduate Student Handbook.

Students are placed on Risk of Probation, or College Dismissal following a review process for failing to meet the academic standards of the College of Nursing. A first letter grade of below a “C” in Nursing courses or Anatomy and Physiology 1 or 2 or Microbiology, results in Risk of Probation. A second grade of below a “C” in Nursing courses, Anatomy and Physiology or Microbiology in the same or subsequent semesters results in College Dismissal.

When a student is assigned the status of College Dismissal, the status may be appealed to the Nursing Appeals Committee at nursingappeals@shu.edu if extenuating circumstances are present. Please see the College of Nursing homepage for details on requirements for the appeal.

In order to take any clinical nursing course, the student must be a nursing major.

Traditional Program

Nursing courses are introduced in the freshman year along with the liberal arts and sciences. This approach is used to enhance the students’ exposure to the profession of nursing. This future-oriented curriculum highlights wellness and health promotion as well as disease management. Student experiences include caring for clients in a variety of settings, including acute care, hospice care, community-based agencies and day care. These exciting experiences all begin in the sophomore year.
**B.S.N. Degree Requirements**

The curriculum requires 125 credits for graduation and the successful completion of a comprehensive nursing exam. Professional requirements include 72 nursing credits.

BIOL 1102 and 1103 must be completed with a grade of C or higher prior to NUTH 2003, NUTC 2011 and NUTC 2012. All Nursing courses must be completed with a grade of “C” or higher. These Nursing courses must be completed sequentially.

**Traditional or Accelerated Program for Second Degree Students**

Admission to the program is limited to students holding a baccalaureate or higher degree. All prerequisites must be completed with a grade of “C” or higher for acceptance. A minimum GPA of 3.0 is required.

Students must complete courses in Anatomy and Physiology I and II, Bio/Organic Chemistry, Microbiology, Statistics, Developmental Psychology and Ethics prior to starting this program. The program requires the completion of 65 nursing credits. The accelerated program requires 14 months to complete while the traditional second degree program takes 2 full academic years.
Program for Registered Nurses

Registered nurses also must complete liberal arts curriculum requirements. Credits from other colleges for non-nursing courses will be evaluated for acceptance according to University policies.

Revised Course Descriptions

NUTH 3010 Pharmacological Therapies
Focus on pharmacological therapy and the role of the nurse in drug management with consideration to social, economic, and technological changes in administering medications safely. Categories of drugs, including prototypes, related to each body system / drug function are studies. Emphasis is on developing the knowledge base and critical thinking abilities necessary to care for clients receiving medication therapy. 3 credits

NUTH 2012 Health Promotion
The focus of this course is health promotion and wellness for individuals across the life span. Students will acquire knowledge of strategies to promote healthy lifestyles and prevent injury and disease in individuals at all stages of life. Content focuses on health needs throughout the lifespan, risk assessment and screening, and health promotion resources. 2 credits

Preparatory Undergraduate Course Sequence in Speech-Language Pathology

The Department of Speech-Language Pathology offers six undergraduate preparatory courses in speech-language pathology to individuals who hold a baccalaureate degree in a field other than speech-language pathology, communication disorders, or speech and hearing science. It is not a degree granting program. Successful completion of these courses in speech-language pathology does not, in any way, guarantee admission to the Master of Science in Speech-Language Pathology program at Seton Hall University. Students interested in taking their preparatory course work at Seton Hall University must complete a separate graduate admission application. Undergraduate preparatory courses in speech-language pathology are offered once per year and include:

- GMSL 5000 Introduction to Speech and Hearing Science (3 credits)
- GMSL 5001 Phonetics (3 credits)
- GMSL 5002 Anatomy and Physiology of the Speech and Hearing Mechanism (3 credits)
- GMSL 5003 Introduction to Language Development (3 credits)
- GMSL 5004 Introduction to Audiology (3 credits)
- GMSL 5007 Introduction to Communication Disorders (3 credits)

Students applying to the Master of Science in Speech-Language Pathology program at Seton Hall University must take GMSL5001, GMSL 5007, and at least six additional credits of preparatory course work in speech-language pathology to be eligible for admission.

Please consult the 2005-2007 Undergraduate Catalog, pages 247-249, for further information.

Dual Degree Programs

Dual degree programs offer students acceptance into a course of study beginning in the freshman year as an undergraduate and culminating with a graduate degree. In fact, dual degree students receive a baccalaureate degree at the end of three or four years (depending on the health sciences program) and a graduate degree is granted two, three or four years later. If the required GPA is maintained as an undergraduate, students are guaranteed admission into the final years of professional study.

The School of Graduate Medical Education, in collaboration with other schools and colleges at the University, offer the following dual degree programs:

Department of Occupational Therapy
3+3 Dual Degree Programs
- Bachelor of Arts in Social and Behavioral Sciences and Master of Science in Occupational Therapy
- Bachelor of Arts in Business Administration and Master of Science in Occupational Therapy

For Social and Behavioral Sciences/Occupational Therapy Program description, see page 182 of the 2005-2007 Undergraduate Catalogue.
For Business Administration/Occupational Therapy Program description, see page 197 of the 2005-2007 Undergraduate Catalogue.

Department of Athletic Training
3+2 Dual Degree Program
- Bachelor of Science in Biology and Master of Science in Athletic Training
- Bachelor of Science in Social and Behavioral Sciences and Master of Science in Athletic Training

For Biology/Athletic Training Program description, see page 96 of the 2005-2007 Undergraduate Catalogue.
For Social and Behavioral Science/Athletic Training Program description, see page 184 of the 2005-2007 Undergraduate Catalogue.

Department of Physical Therapy

Director: Philip DiSalvio, Ed.D.

The online degree programs offered through SetonWorldWide are designed for professionals who have demonstrated significant achievement in their respective fields, and who have the ability, desire and dedication to accept the rigors of a fast-paced, challenging curriculum.

Utilizing an Internet-based online delivery system, these degree programs offer the student a true collegial experience. Completing nursing program course requirements online, students are able to earn a degree while continuing to meet professional and personal commitments.

The SetonWorldWide Mission

SetonWorldWide, the online campus of Seton Hall University, serves the educational aspirations and professional needs of students from across the nation and around the world. Seton Hall is committed to utilizing the technological advantages that Internet-based delivery affords for the benefit of our students and the advancement of the teaching and learning process.

The SetonWorldWide Philosophy

A primary factor in any educational process is the quality of interaction among students and faculty. SetonWorldWide believes that distance in education is not defined by the geographic separation of the learner and teacher, but by the dialogue and structure associated with that educational process. If interaction is not present, the instructor and the community of learners can be considered “distant” even if they are in the same room. Alternately, in the presence of dialogue, the instructor and learners can be in close contact, even if they are physically miles apart. At the heart of all SetonWorldWide programs, is ongoing interaction between faculty and students. The academic quality of interaction, enabled by the technology, is an important distinction that marks the superior character of the SetonWorldWide online programs.

Student Commitment

The online degree programs offered through SetonWorldWide are designed for working professionals who can benefit from “anytime, anywhere” learning. Acknowledging that these students are particularly able to integrate what has already been learned in their careers, SetonWorldWide recognizes that as members of an active community of learners, these students, along with the faculty and members of the instructional teams, are interrelated and interdependent. These relationships are key to a rich and dynamic online learning experience and each student is a vital link in the overall success of that experience.

Current Online Degree Programs

- Master of Arts in Counseling / Ed.S. in Mental Health Counseling
- Master of Arts in School Counseling / Ed.S. in Mental Health Counseling
- Master of Arts in Strategic Communication and Leadership
- Master of Healthcare Administration
- Master of Arts in Education Leadership, Management and Policy
- Master of Science in Nursing (Nurse Practitioner Program and Health Systems Administration Program)
- Bachelor of Science in Nursing for Registered Nurses

(Tuition program course requirements are offered online.)

Tuition

A deposit of $500 is required on admission to the program. This NONREFUNDABLE deposit guarantees space in the program, and is credited towards the total cost of the program. Financial aid payment plans are available for students interested in paying their tuition on a monthly basis. Students must file the FAFSA on the Web as a first step in applying for a Stafford Loan. Complete tuition and financial aid information can be found on the SetonWorldWide Web site at www.setonworldwide.net

Bachelor of Science in Nursing for RNs

Academic Director: Linda Ulak, Ed.D., R.N.

The online R.N./B.S.N. program is designed for the busy R.N. graduate of an associate degree or diploma nursing program seeking to obtain a Bachelor of Science in Nursing. In total, the program requires 125 credit-hours for graduation. These credit-hours include 56 Arts and Sciences credit-hours, 34 nursing credit-hours and 32 credit-hours granted for obtaining R.N. licensure. Three credits for Health Assessment will be waived with proof. Working with an adviser, students will be guided in the selection of the appropriate courses to meet the degree requirements. Only nursing credit-hours are offered online.

The Online R.N./B.S.N. program has both theory and clinical components. Theory course work is completed in the online format and the clinical component is completed in the student’s choice of settings, with faculty consultation.

Please refer to the 2005-2007 Undergraduate Catalogue for a description of this program.

University Buildings

**Alfieri Hall.** Alfieri Hall, completed in 1984, contains classrooms for the School of Theology, offices of the Educational Opportunity Program, and the Computer Training Center. The Department of Speech-Language Pathology is located on the lower level.

**Alumni Hall.** Alumni Hall was planned as a 25th anniversary gift to commemorate the opening of Seton Hall College in Madison in 1856. The needed funds were not raised in 1881, but the fund drive continued, and the building was dedicated in 1886 to commemorate the opening and first graduation in South Orange in 1861. Alumni Hall houses the chapel for Immaculate Conception Seminary School of Theology as well as the School’s administrative offices.

**Art Center.** Originally a carriage house, built between 1890 and 1895, and now a registered national landmark, this red-brick Victorian building has been preserved and renovated and was officially dedicated in May 1974 as the University’s Art Center. It houses an art gallery, studios, classrooms and offices of the Department of Art and Music.

**Arts and Sciences Hall.** Opened in 1973, the building houses the Ruth Sharkey Academic Resource Center, lecture halls, seminar rooms, conference rooms, classrooms, offices for College of Arts and Sciences faculty and administrative personnel, and a computer laboratory.

**Bayley Hall.** Erected in 1913 and named for Bishop James Roosevelt Bayley, first Bishop of Newark and nephew of Elizabeth Seton, Bayley Hall is used for business and administrative purposes, and houses Enrollment Services.

**Bishop Dougherty University Center.** Named for Bishop John J. Dougherty, president of Seton Hall from 1960-70, the University Center contains meeting rooms, dining areas, lounges, an art gallery and Theatre-in-the-Round. It houses the offices of student publications and student government, as well as the Department of Community Development and the office of the vice president for Student Affairs and Enrollment Services.

**Chapel of the Immaculate Conception.** The Chapel of the Immaculate Conception has been the center of campus religious life since 1863 and observed its 125th anniversary in 1988-89. Open every day, the chapel serves as a place of meditation and prayer for all members of the University community. Several Masses are offered on weekdays and on Sundays.

**Corrigan Hall.** Named after Bishop Michael A. Corrigan and Reverend James H. Corrigan, brothers who served as second and third presidents of Seton Hall, this building contains offices, the facilities for Computing Services, classrooms and labs.

**Duffy Hall.** Classrooms, offices, the bookstore, Parking, Campus ID, Disability Support Services, and the Department of Housing and Residence Life, and the Science Departments (temporarily) are located in this building.

**Fahy Hall.** Opened in 1968, this building houses many departments of the College of Arts and Sciences, as well as the dean of this College. In addition to classrooms and faculty offices, it contains communication and language laboratories, and a television studio.

**Jubilee Hall.** With six stories and more than 126,000 square feet of academic space, this structure provides a home for the Stillman School of Business, the College of Education and Human Services, the New Jersey Center for Civic and Law-Related Education and the Departments of Political Science, Psychology, Public and Healthcare Administration and Sociology and Anthropology. It contains 156 faculty and administrative offices and 30 teaching spaces, from seminar rooms that seat eight people to an auditorium seating 390. It also features a central, three-story skylit atrium where students and faculty can congregate informally. A major feature of the building is the technological capabilities it brings to the teaching and learning processes. These include fixed and flexible seating classrooms with the most contemporary information and distance-learning technologies that facilitate the transmission of lectures all over the world; laboratories with one-way observation mirrors; and classrooms with terminals for portable computers.

**Lewis Hall/Immaculate Conception Seminary School of Theology.** Lewis Hall/Immaculate Conception Seminary School of Theology was completed in 1984. Faculty and student residences, classrooms, a dining hall, lounges and the Seminary Library are housed in this building.

**Marshall Hall.** Built in the 1890s under the direction of Reverend William Marshall, this three-story building is situated to the east side of Presidents Hall. The building’s main level contains a newly restored Regents Suite and Regents Board Room. Marshall Hall connects via a gallery passage and a stair tower with marble treads and wrought-iron railing serves the second floor level. The upper level links to Mooney Hall by means of a flying bridge.

**McNulty Hall.** The biology, chemistry and biochemistry, and physics departments are located in McNulty Hall, named in honor of Monsignor John Laurence McNulty, president during the University’s post-World War II expansion years. This building contains classrooms, teaching and research facilities, faculty offices and an amphitheater.

Starting in May 2005, this building will be redesigned and expanded by approximately 30,000 square feet. This process will occur during the 2005-06 and 2006-07 academic years. During this time, all teaching laboratories will take place in the existing building. However, lectures will not take place in McNulty Hall. The main offices for biology, chemistry and biochemistry, health professions, laboratory services/chemical hygiene and physics have been moved to the following temporary locations:

- **Department of Biology:** Mooney Hall, 3rd Floor, Room 324, Phone: (973) 761-9044; Fax: (973) 761-9096.
- **Department of Chemistry and Biochemistry:** Duffy Hall, 3rd Floor, Room 82, Phone: (973) 761-9414; Fax: (973) 761-9772.
- **Health Professions:** Mooney Hall, 3rd Floor, Room 319, Phone: (973) 761-9487; Fax: (973) 761-9096.
- **Laboratory Services/Chemical Hygiene Office,** McNulty Hall, 2nd Floor, Room 218, Phone: (973) 761-9039; Fax: (973) 313-6396.
Department of Physics: Mooney Hall, 3rd Floor, Room 319, Phone: (973) 761-9050; Fax: (973) 761-9096.

For additional information about the redesign of McNulty Hall and construction schedule, contact John Sowa, Ph.D., (973) 424-7515 or e-mail sowajohn@shu.edu.

McQuaid Hall. Named after Bishop Bernard McQuaid, first president of Seton Hall, this building was constructed in the early 1900s. The Whitehead School of Diplomacy and International Relations is located on a major section of the first floor of this building. The School of Graduate Medical Education is located on the second floor and part of the first floor.

Mooney Hall. Named for Monsignor James Mooney, president of Seton Hall from 1907-22, the building houses Freshman Studies, Archaeology Studies, ROTC/Military Science, Science Departments (temporarily), Special Academic Services, Counseling Services, the Print Shop, classrooms and offices.

Presidents Hall. Visually the “centerpiece” of campus, Presidents Hall dates back to 1867. It houses administrative offices, including those of the president; executive vice president; general counsel, planning, the provost; and human resources.

Residence Halls. Seton Hall has housing capacity for approximately 2,100 students. The residence halls include Cabrini, Neumann, Serra, Xavier, Aquinas, and North and South Boland halls. Ora Manor Apartments, Turrell Manor and St. Andrew’s Hall provide University housing off campus.

Ring Building. Located at 457 Centre Street, this building houses the Division of University Advancement, including the vice president’s office and the departments of Alumni Relations, Public Relations and Marketing, and Development.

Schwartz College of Nursing Building. This facility was opened in 1973 and named for the first dean of the College of Nursing, Caroline Di Donato Schwartz, whose husband, Henry Schwartz, was the major benefactor who supplemented a U.S. Public Health Service Building grant for its completion. This building includes a state-of-the-art computer laboratory, patient care simulation laboratory, classrooms, an amphitheater, and offices for faculty and administration.

Seton Hall Law School Building. Seton Hall Law School opened its doors to its first class on the old site of John Marshall Law School, located at 40 Journal Square, Jersey City, in 1951. Twenty years later, in 1971, the School relocated to 1111 Raymond Boulevard, Newark. Outgrowing its space, the Law School moved to its current location at One Newark Center, Newark, in 1992. The Law School entrance leads to a striking, five-story, glass-encased atrium. Offices, classrooms, a moot courtroom and library are interconnected by balconies overlooking the atrium. The School’s location, just one block from Newark Penn Station, allows easy access to Manhattan and other destinations.

Richie Regan Recreation and Athletic Center and Walsh Gymnasium. A student-oriented, multipurpose facility that serves the recreation, physical education and intercollegiate needs of the University community, the Richie Regan Recreation and Athletic Center contains the Richard and Sheila Regan Field House, an eight-lane, 25-yard pool, a fitness/weight training room, a dance studio, racquetball courts, saunas and locker rooms. Adjacent to the Richie Regan Recreation and Athletic Center, is Walsh Gymnasium, a 2,000-seat arena built in 1939 and named for Newark Archbishop Thomas Walsh. Walsh Gymnasium is the site of practice and competition for many intercollegiate teams. The state-of-the-art WSOU-FM facility also is located here. Outdoor facilities include Owen T. Carroll Field and Ivy Hill Park, 19 acres of practice and intramural fields adjacent to the campus.

Walsh Library. Seton Hall’s Walsh Library was completed in spring 1994. Located opposite the Richie Regan Recreation and Athletic Center, the four-story, 155,000 square-foot structure is nearly three times the size of its predecessor, McLaughlin Library, and accommodates twice as many users at any given time. The library is named in honor of Board of Regents chairman and University benefactor Frank E. Walsh and his wife, Mary D. Walsh.

Walsh Library facilities include a Bibliographic Instruction Center with a networked computer laboratory; quiet, convenient reading rooms, group study rooms, study carrels and scholar’s studies; compact shelving and a flexible floor plan; state-of-the-art systems to protect, preserve and provide access to valuable resources; an exhibit and art gallery; the Valente Italian Studies Library; the Alberto Italian Studies Institute; and a central location for all library services, including the Special Collections Center, The Teaching, Learning and Technology Center, Digital Media Services, Walsh Library Gallery, University Archives and the Writing Center.
