Seton Hall College.

---

THIS Institution was founded in 1856, at Madison, N. J., by the Right Rev. J. Roosevelt Bayley, Bishop of Newark. After four years of successful experiment it was removed, during the summer vacation of 1860, to its present location at South Orange. The Legislature of the State, during its session of 1861, passed an act of incorporation granting it all the rights and privileges enjoyed by other Colleges in the State.

It is situated near the village of South Orange, twelve miles distant from New York, and three and a-half from Newark. The Morris and Essex Railroad, which passes through South Orange, renders the College accessible from New York in about an hour.

The College buildings are of great architectural beauty, large and commodious, thoroughly ventilated, well heated by steam, and lighted by gas.

In addition to the buildings represented in the wood-cut, in the Summer of 1863, a beautiful gothic church, 100 ft. long, and a large stone house, containing besides the rooms for the Sisters and female servants, the wardrobe and infirmaries, were erected.

The location is upon high ground, overlooking a beautiful country, and noted for healthfulness. The Orange mountains are recommended by Physicians of New York, as the most favorable residence for consumptive patients within many miles of that city. For years past, the advantages of the surrounding country, for health, extensive view, and proximity to New York, have been fully appreciated; hence the villas and mansions on every eligible site for miles around.

The College is under the immediate supervision of the Right Rev. Dr. Bayley. It is conducted by Secular Priests, who are assisted by experienced Lay Professors.

The domestic arrangements are under the care of the SISTERS OF CHARITY. The greatest attention is paid at all times to the neatness and cleanliness of every part of the establishment. In sickness, the patients receive the most careful nursing.

The object of the Institution is to impart a good education, in the highest sense of the word,—to train the moral, intellectual and physical being. The health, manners and morals of the pupils are an object of constant attention. The system of government is mild and paternal, yet firm in enforcing the observance of established discipline. No pupil will be received from another College without unexceptionable testimonials, and none will be retained whose manners and morals are not satisfactory.

The better to carry out the design of the Institution—to maintain strict discipline with kind and gentle treatment, and to devote constant and special attention to each individual student, but a limited number is received. As many applicants are refused admission at the opening of the session in August, it is expedient that parents who wish to secure places for their sons in Seton Hall should make early application. All are thoroughly instructed in the doctrines of the Catholic Church, and trained in its practices.

In a large Gymnasium, well provided with the necessary apparatus, the students are drilled twice a week in Calisthenics and Gymnastics, under an experienced Professor. The advantages to the health and physical development of the students, derived from these exercises in the past, prove their importance and necessity.

The academic year, which consists of two sessions, of five months each, commences on the first Wednesday of September, and ends on the last Wednesday of June, at which time there will be a Public Exhibition and Distribution of Premiums.

Weekly reports of all the classes are read before the Professors, Tutors and Students. Monthly reports are sent to the parents or guardians.

## Terms.

Board and tuition, use of bed and bedding, ~~\$300~~ <sup>\$350</sup> per annum, payable half-yearly in advance. Washing and mending of clothes and linen, \$15. Physician's fees, medicine, etc., \$10.

Music, \$60, and Drawing ~~\$50~~ per annum, for those who wish to learn them. For use of piano, \$10 per annum. The German, Italian and Spanish Languages, each \$25 per annum. Each student, on entering, must be supplied with four Summer suits, if he enter in the Spring; or three Winter suits, if he enter in the Autumn. He must also have at least twelve shirts, twelve pairs of stockings, twelve pocket-handkerchiefs, six towels, six napkins, three pairs of shoes or boots, one pair of slippers, a cloak or over-coat, and two silver spoons, two forks, and napkin-ring, marked with his name.

With regard to pocket-money, it is desirable that parents should allow their children but a moderate sum, and that this should be placed in the hands of the Treasurer, to be given as prudence may suggest.

Bills of expenditure are sent at the close of each session, and at the same time is issued a draft for the amount at ten days' sight. Parents or guardians residing out of the country, or at a great distance, must appoint a representative at some convenient place, who will be responsible for the regular payment of the expenses, and bound to receive the student, should it become necessary to dismiss him.

Should a student leave the College before the expiration of a quarter, no deduction is made for the remainder of that quarter, except in case of dismissal. \$50 extra will be charged for students who remain at the College during the vacation. Letters of inquiry should be addressed to the

"President of Seton Hall College, South Orange, New Jersey."
