A Silver Medal was awarded to JOHN P. GARELLI, of the Second Division, for Good Conduct.
A Silver Medal was awarded to Joseph Celaya, of the Third Division, for Good Conduct.

The Bossier Gold Medal was not awarded, as there was not sufficient competition in the First Class of German of the year 1866–67.

To make permanent the distribution of Gold Medals, etc., for success in the chief branches of study and for good conduct, the friends of Seton Hall, whose means permit them, are respectfully requested to establish prizes to be awarded on Commencement Day. The prize thus founded will be known by the name of the founder.

The liberality of Non-Catholics in endowing their Colleges with Professorships, Scholarships, and Prizes, should stimulate Catholics to rival this praiseworthy example.

**Founders of Medals.**

Robert Hamilton, Esq., of Sacramento, Cal., and S. J. Ahern, Esq., of Elizabeth, N. J., have jointly founded the Gold Medal for good conduct. This Medal will be known as the Hamilton-Ahern Gold Medal.

A. Bossier, Esq., of Havana, Cuba, has founded two Medals to encourage the study of the German Language. These medals will be known as the Bossier Gold Medal and the Bossier Silver Medal.

John Foley, Esq., of New York, has, during the present year, founded a Gold Medal to encourage the study of Penmanship among the younger students. This medal will be known as the Foley Gold Medal.

It is exceedingly gratifying to receive these marks of kindness from our friends. We are greatly encouraged thereby to proceed in our work of establishing Seton Hall College on a firm and lasting basis.

**MATHEMATICAL COURSE.**

Logie, Metaphysics and Ethics are studied during the sixth and seventh years of the Classical Course. Candidates for the degree of A. B. must undergo a public examination in the full course of studies pursued in the College.

The Spanish and German languages, Music, Drawing and Oil Painting, are optional studies.

The course of instruction in the Christian doctrine will consist in the study, in regular succession, of the small Catechism, Butler's Catechism, Collet's Doctrinal and Scriptural Catechism, and in Lectures on the Doctrines and Evidences of the Catholic Church.
This Institution was founded in 1856, at Madison, N. J., by the Right Rev. J. Roosevelt Bayley, Bishop of Newark. After four years of successful experiment it was removed, during the summer vacation of 1860, to its present location at South Orange. The Legislature of the State, during its session of 1861, passed an act of incorporation granting it all the rights and privileges enjoyed by other Colleges in the State.

It is situated near the village of South Orange, twelve miles distant from New York, and three and a half from Newark. The Morris & Essex Railroad, which passes through South Orange, renders the College accessible from New York in about an hour.

The College buildings are of great architectural beauty, large and commodious, thoroughly ventilated, well heated by steam and lighted by gas. In addition to the buildings represented in the engraving, a large stone house has been erected for the Sisters and servants, the wardrobe and infirmaries. The location is upon high ground, overlooking a beautiful country, and noted for healthfulness. The Orange mountains are recommended by physicians of New York, as the most favorable residence for consumptive patients within many miles of that city. For years past, the advantages of the surrounding country, for health, extensive view and proximity to New York, have been fully appreciated; hence the villas and mansions on every eligible site for miles around.

The College is under the immediate supervision of the Right Rev. Dr. Bayley. It is conducted by Secular Priests, who are assisted by experienced Lay Professors.

The domestic arrangements are under the care of the SISTERS OF CHARITY. The greatest attention is paid at all times to the neatness and cleanliness of every part of the estab-
lishment. In sickness, the patients receive the most careful nursing.

The object of the Institution is to impart a good education, in the highest sense of the word—to train the moral, intellectual and physical being. The health, manners, and morals of the pupils are an object of constant attention. The system of government is mild and paternal, yet firm in enforcing the observance of established discipline. No pupil will be received from another College without unexceptionable testimonials, and none will be retained whose manners and morals are not satisfactory.

The better to carry out the design of the Institution—to maintain strict discipline with kind and gentle treatment, and to devote constant and special attention to each individual student, but a limited number is received. As many applicants are refused admission at the opening of the session in August, it is expedient that parents who wish to secure places for their sons in Seton Hall should make early application. All are thoroughly instructed in the Doctrines of the Catholic Church, and trained in its practices.

In a large Gymnasium, well provided with the necessary apparatus, the students are drilled twice a week in Calisthenics and Gymnastics, under an experienced Professor. The advantages to the health and physical development of the students derived from these exercises in the past, prove their importance and necessity.

The academic year, which consists of two sessions, of five months each, commences on the first Wednesday of September, and ends on the last Wednesday of June, at which time there will be a public exhibition and distribution of Premiums.

Weekly reports of all the classes are read before the Professors, Tutors, and Students. Monthly reports are sent to the parents or guardians.

For Terms and further information, apply to the

PRESIDENT OF SETON HALL COLLEGE,
South Orange, N. J.

FUNDAMENTAL RULES OF DISCIPLINE.

No Student ever leaves the College grounds without a Teacher.

Leaving the College grounds after nightfall subjects the Student to expulsion.

The use of tobacco is forbidden, and Students are not allowed to have any in their possession.

No books of any kind can be held by the Students, unless by permission of the President.

Students are not allowed to receive newspapers, except for their Reading-room, which is under the direction of the President.

No correspondence is permitted, except under cover, to and from parents and guardians; and the President will exercise his right to examine all letters, as, in his judgment, it may be necessary.

No Student of low and vicious habits will be retained in the College.

Students coming from other Colleges must bring satisfactory testimonials of character.

Visits to home are allowed at Christmas for ten days, and about the middle of May for two days.
It is impossible to make children realize the importance of prompt and exact obedience, when their parents permit them to disobey us. It is disobedience to us now; it will be disobedience to them later. When a mother permits her son to overstay his time for one day, she thinks to win his affection by her indulgence, but she is laying a foundation for endless trouble in the future.

Parents have the right to withdraw their children at any time; they have not the right to interfere with the established discipline of the College; they have not the right to keep us and our punctual students waiting for laggards who want one more day of idleness. If we do not begin work the very day appointed for the resuming of classes, it is because so many parents permit their children to remain away one or two days over the time.

Since last Commencement Day the work upon the New Building has been carried on steadily until it has almost approached completion. The little that remains unfinished can await a replenished treasury.

We offer our warmest thanks to the many friends who, during the present year, have so kindly and generously aided us in the erection of the New Building.

The Ecclesiastical Seminary.

In July, 1866, the Seminary of the Diocese lost one of its most earnest and steadfast friends in the Very Rev. Patrick Moran, V. G., who went to Eternal Rest, after a long and laborious life spent in the service of his Master, the care of the souls entrusted to his charge, and in the practice of every virtue that should adorn the saintly priest. The warm interest that he took in the Seminary, induced him to leave his valuable Library to it, and to bequeath the sum of six thousand dollars as a permanent fund for the support of ecclesiastical students. His dying hope was that others might be encouraged to add to this Fund until it became sufficient to support many students for the Priesthood.

Donations and Legacies to this Fund, in books or in money, may be left to the Rt. Rev. J. Roosevelt Bayley, Bishop of Newark, in trust for the Ecclesiastical Seminary of Seton Hall College.

Studies will be resumed, Wednesday, September 4, 1867.
