**Mathematical Course.**

Logic, Metaphysics and Ethics are studied during the sixth and seventh years of the Classical Course. Candidates for the degree of A. B. must undergo a public examination in the full course of studies pursued in the College.

The Spanish and German languages, Music, Drawing and Oil Painting, are optional studies.

The course of instruction in the Christian doctrine will consist in the study, in regular succession, of the small Catechism, Butler's Catechism, Collot's Doctrinal and Scriptural Catechism, and in Lectures on the Doctrines and Evidences of the Catholic Church.

**Seton Hall College.**

This institution was founded in 1856, at Madison, N. J., by the Right Rev. J. Roosevelt Bayley, Bishop of Newark. After four years of successful experiment it was removed, during the summer vacation of 1860, to its present location at South Orange. The Legislature of the State, during its session of 1861, passed an Act of Incorporation granting it all the rights and privileges enjoyed by other Colleges in the State.

It is situated near the village of South Orange, twelve miles distant from New York and three and a half from Newark. The Morris & Essex Railroad, which passes through South Orange, renders the College accessible from New York in about an hour.

The College buildings are of great architectural beauty, large and commodious, thoroughly ventilated, well heated by steam, and lighted by gas. In addition to the buildings represented in the engraving, a large stone house has been erected for the Sisters and servants, the wardrobe and infirmaries.

The location is upon high ground, overlooking a beautiful country, and noted for healthfulness. The Orange mountains are recommended by physicians of New York, as the most favorable residence for consumptive patients within many miles of that city. For years past, the advantages of the surrounding country, for health, extensive view, and proximity to New York, have been fully appreciated; hence the villas and mansions on every eligible site for miles around.

The College is under the immediate supervision of the Right Rev. Dr. Bayley. It is conducted by Secular Priests, who are assisted by experienced Lay Professors.
The domestic arrangements are under the care of the SISTERS OF CHARITY. The greatest attention is paid at all times to the neatness and cleanliness of every part of the establishment. In sickness, the patients receive the most careful nursing.

The object of the Institution is to impart a good education, in the highest sense of the word—to train the moral, intellectual and physical being. The health, manners and morals of the pupils are an object of constant attention. The system of government is mild and paternal, yet firm in enforcing the observance of established discipline.

The better to carry out the design of the Institution—to maintain strict discipline with kind and gentle treatment, and to devote constant and special attention to each individual student, but a limited number is received. As many applicants are refused admission at the opening of the session in August, it is expedient that parents who wish to secure places for their sons in SETON HALL should make early application. All are thoroughly instructed in the Doctrines of the Catholic Church, and trained in its practices.

In a large Gymnasium, well provided with the necessary apparatus, the students are drilled twice a week in Calisthenics and Gymnastics, under an experienced Professor. The advantages to the health and physical development of the Students derived from these exercises in the past, prove their importance and necessity.

The academic year, which consists of two sessions, of five months each, commences on the first Wednesday of September, and ends on the last Wednesday of June, at which time there will be a public Exhibition and Distribution of Premiums.

Weekly reports of all the classes are read before the Professors, Tutors, and Students. Monthly reports are sent to the parents or guardians.

For Terms and further information, apply to the PRESIDENT OF SETON HALL COLLEGE, South Orange, N. J.

**FUNDAMENTAL RULES OF DISCIPLINE.**

No Student ever leaves the College grounds without a teacher.

Leaving the College grounds after nightfall subjects the Student to expulsion.

The use of tobacco is forbidden, and Students are not allowed to have any in their possession.

No books of any kind can be held by the Students, unless by permission of the President.

Students are not allowed to receive newspapers, except for their Reading-room, which is under the direction of the President.

No correspondence is permitted, except under cover, to and from parents and guardians; and the President will exercise his right to examine all letters, as, in his judgment, it may be necessary.

No Student of low and vicious habits will be retained in the College.

Students coming from other Colleges must bring satisfactory testimonials of character.

The Students are allowed to go home at Christmas for ten days, and about the middle of May for two.
It is impossible to make children realize the importance of prompt and exact obedience, when their parents permit them to disobey us. It is disobedience to us now; it will be disobedience to them later. When a mother permits her son to overstay his time for one day, she thinks to win his affection by her indulgence, but she is laying a foundation for endless trouble in the future.

Parents have the right to withdraw their children at any time; they have not the right to interfere with the established discipline of the College; they have not the right to keep us and our punctual students waiting for laggards who want one more day of idleness. If we do not begin work the very day appointed for the resuming of classes, it is because so many parents permit their children to remain away one or two days over the time.
We have to deplore the loss of the Rev. M. A. Madden, a Trustee of Seton Hall College, and one of the earliest and most generous Friends and Benefactors of the College and Seminary, who went to Eternal Rest May 17, 1868.
