SETON HALL COLLEGE.

This Institution was founded in 1856, at Madison, N. J., by the Right Rev. J. Roosevelt Bayley, Bishop of Newark. After four years of successful experiment, it was removed, during the summer vacation of 1860, to its present location at South Orange. The Legislature of the State, during its session of 1861, passed an Act of Incorporation granting it all the rights and privileges enjoyed by other Colleges in the State.

It is situated near the village of South Orange, distant, by railroad, sixteen and a half miles from New York, and six and a half from Newark; accessible from New York in about an hour.

The College buildings are of great architectural beauty, large and commodious, thoroughly ventilated, well heated by steam, and lighted by gas. In addition to the buildings represented in the frontispiece, a large stone house has been erected for the Sisters and servants, the Wardrobes and Infirmaries.

The location is upon high ground, overlooking a beautiful country. The Orange Mountains have long been recommended by physicians as a most favorable residence for their patients. For years past, the advantages of the surrounding country, for health, extensive view, and proximity to New York, have been fully appreciated; hence the villas and mansions on every eligible site for miles around.

The College is under the immediate supervision of the Right Rev. Dr. Bayley. It is conducted by Secular Priests, who are assisted by experienced Lay Professors.

The domestic arrangements are under the care of the SISTERS OF CHARITY. The greatest attention is paid at all times to the neatness and cleanliness of every part of the establishment. In sickness, the students receive the most careful nursing.

The object of the Institution is to impart a good education, in the highest sense of the word—to train the moral, intellectual, and
physical being. The health, manners, and morals of the pupils are an object of constant attention. The system of government is mild and paternal, yet firm in enforcing the observance of established discipline.

The better to carry out the design of the Institution, to maintain strict discipline, with kind and gentle treatment, and to devote constant and special attention to each individual student, but a limited number is received. For this reason, it is expedient that parents who wish to secure places for their sons in Seton Hall should make early application.

All the pupils are thoroughly instructed in the Doctrines of the Catholic Church, and trained in its practices.

In a large Gymnasium, well provided with the necessary apparatus, the students are drilled in Calisthenics and Gymnastics. The advantages to the health and physical development of the students derived in the past from these exercises prove their importance and necessity.

The academic year, which consists of two sessions, of five months each, commences on the first Wednesday of September, and ends on the last Wednesday of June, at which time there will be a public Exhibition and Distribution of Premiums. At Christmas there is a vacation of ten days; and in the spring, absence for a day or two will be allowed, when necessary, for the summer equipment of the students. At no other time will they be permitted to leave the College, except for reasons of great importance.

The regular visiting-day is Thursday.

Weekly reports of all the classes are read before the Professors, Tutors, and Students. Monthly reports are sent to the parents or guardians.

ELECTIVE STUDIES.

The regular course of study requires each pupil to study at
least one modern language before graduating. The French language
is preferred, except in cases where, for urgent reasons, and with the
consent of the President, another is substituted.

The Spanish and German Languages, Vocal and Instrumental Mu­
ic, Drawing, and Oil Painting, are elective studies.

Students are advised not to take these studies out of course, or
in years when their time is fully occupied by the studies regularly
prescribed.

EXAMINATIONS.

The Students of each class are thoroughly examined in all their
studies during the last week of each term. The regular recitations are
not thereby interrupted, but continue up to the last day of the term.

These examinations may be either written or oral, or both, as the
President may direct. In the most important branches of study, both
methods are employed.

New Students entering at either term are desired to appear for
examination a few days before its commencement, in order that they
may be properly assigned to classes, according to their capacities and
previous attainments.

No Student will be promoted to a higher class at the end of the
year who has not passed a satisfactory examination upon the studies of
the year ending.

Promotion during the year to a higher class is equivalent to the
honors of the class which the Student leaves.

COLLEGE CALENDAR.

1871.

Sept. 5. Examination of new Students for Assignment to classes.

Nov. 1. First Session begins.

1872.

May 1. SS. Philip and James. Bishop’s Saint’s Day. Ascension Thursday.

Sept. 5. First Session of new scholastic year begins.

Students are required to be present on the first day of each Term.

It is impossible to make young men realize the importance of prompt and exact obedience, when their parents permit them to disobey us. It is disobedience to us now; it will be disobedience to them later. When a mother permits her son to overstay his time for one day, she thinks to win his affection by her indulgence, but she is laying the foundation for endless trouble in the future.

Parents have the right to withdraw their children at any time; they have not the right to interfere with the established discipline of the College; they have not the right to keep us and our punctual Students waiting for sluggards, who want one day more of idleness.

EXPENSES.

Board and tuition, use of bed and bedding, $400 per annum, payable half-yearly, in advance.

Washing and mending of clothes and linen, $20. Physician’s fees for medicines, etc., $10.

Music, $60, and drawing, $50 per annum, for those who wish to learn them. For use of Piano, $10 per annum. The German, Italian, and Spanish Languages, each $25 per annum.

Each Student, on entering, should be supplied with four summer and three winter suits. He should also have twelve shirts, twelve pairs of stockings, twelve pocket handkerchiefs, six towels, six napkins, three pairs of shoes or boots, a pair of slippers, a cloak or overcoat, and two silver spoons, two forks, and a napkin ring, all marked with his name.

With regard to pocket-money, it is desirable that parents should allow their children but a moderate sum, and that this should be placed in the hands of the Treasurer, to be given as prudence may suggest.

Bills of expenditure are sent at the close of each session, and a remittance to cover their amount should be made within ten days after receipt. Parents or guardians residing out of the country, or at a great distance, must appoint a representative at some convenient place, who will be responsible for the regular payment of all expenses, and bound to receive the Student, should it become necessary to dismiss him.

Should a Student leave the College before the expiration of a session, no deduction is made for the remainder of that session, except in case of dismissal or prolonged sickness. Sixty dollars extra will be charged for Students who remain in the College during the vacation.

Letters of inquiry should be addressed to the “President of Seton Hall College, South Orange, New Jersey.”
FUNDAMENTAL RULES OF DISCIPLINE.

The Rules of the College require of all Students a manly bearing and kind, courteous deportment towards each other at all times; application to study during the hours of study, and the thorough preparation and recitation of the lessons assigned.

No Student ever leaves the College grounds without permission.

Leaving the College grounds after nightfall subjects the Student to expulsion.

The use of tobacco is forbidden.

No books other than text-books and works of reference recommended by the Professors can be held by the Students, unless by permission of the President.

Students are not allowed to receive newspapers, except for their Reading-room, which is under the direction of the President.

Correspondence is permitted only with parents, guardians, and relatives.

Students of low and vicious habits will not be retained in the College.

Students coming from other Colleges must bring satisfactory testimonials of character.

DISTRIBUTION OF MEDALS.

The Essays of Edward V. Keogh and Albert J. Reynaud, on the "Sacrifice of the Mass," being judged equal in merit, the Seton Gold Medal for Christian Doctrine was drawn for during the Commencement Exercises.

In the Class of Intellectual and Moral Philosophy, a Gold Medal was awarded to James A. Glover, for the best Thesis on "Physical Laws with reference to Miracles."

This subject was drawn by lot from fifty leading Theses, representing the Philosophical studies of the entire year.

In the Class of Logic, a Gold Medal was awarded to Joseph Tiernan, for the best Essay on "The Criterion of Certitude."

This subject was likewise drawn by lot from twenty-five Theses, comprising the matter of the entire Course.

In the First Class of German, the Bossier Gold Medal was awarded to John P. Persch.

In the First Class of Penmanship, the Foley Gold Medal was awarded to Francis E. Bernard.

In the Second Class of Penmanship, a Gold Medal was awarded to James Manegat.

In the First Preparatory Class of Greek, a Silver Medal was awarded to Cornelius O'Neill.

MEDALS OF 1871.

During the Scholastic year, 1870-1871, Seton Hall has received from the Right. Rev. Mgr. Robert Seton, D.D., a foundation for a Gold Medal, to be awarded annually, in the First Class of Christian Doctrine; from Mr. James O'Neill, of New York, the Medal for the Second Class of Penmanship; and from other generous benefactors, the Medals for Intellectual Philosophy, Greek, and Logic.

MEDALS FOR GOOD CONDUCT.

The Hamilton-Ahern Gold Medal was awarded to John F. Dowd by the votes of his fellow-students.

Silver Medal to Victor M. Halderman, of the First Division.

Silver Medal to H. Augustine Gross, of the Second Division.

Silver Medal to Henry Manegat, of the Third Division.

To make permanent the distribution of Gold Medals and other rewards for success in the chief branches of study and for good conduct, the friends of Seton Hall, whose means permit them are respectfully requested to establish prizes to be awarded on Commencement Day. All prizes thus founded will be known by the names of their founders, unless otherwise desired by the donors.

The liberality of non-Catholics in endowing their Colleges with Professorships, Scholarships, and Prizes should stimulate Catholics to rival their praiseworthy example.

FOUNDERS OF MEDALS.

Robert Hamilton, Esq., of Sacramento, Cal., and S. J. Ahern, Esq., of Elizabeth, N. J., have jointly founded the Gold Medal for Good Conduct. This medal is known as the Hamilton-Ahern Gold Medal.

A. Bossier, Esq., of Havana, Cuba, has founded two Medals...
to encourage the study of the German language. These medals are known as the Bossier Gold Medal and the Bossier Silver Medal.

John Foley, Esq., of New York, has founded a Gold Medal to encourage the study of Penmanship among the younger students. This medal is known as the Foley Gold Medal.

FOUNDERS OF BURSES.

The late Philip F. Corrigan, Esq., gave the sum of Five Thousand Dollars, in the form of a Burse, for the same object.

It is exceedingly gratifying to receive these marks of kindness from our friends. We are greatly encouraged thereby to proceed in our work of establishing Seton Hall College on a firm and lasting basis.
