SETON HALL COLLEGE.

This Institution was founded in 1856, at Madison, N. J., by the Most Rev. J. Roosevelt Bayley, the first Bishop of Newark. During the summer vacation of 1860, it was removed to its present location at South Orange. The Legislature of the State, during the session of 1861, passed an Act of Incorporation granting it all the rights and privileges enjoyed by other Colleges in the State.

It is situated near the village of South Orange, distant, by railroad, sixteen and a half miles from New-York, and six and a half from Newark.

The College buildings are of great architectural beauty, large and commodious, thoroughly ventilated, well heated by steam, and lighted by gas. They are on high ground, overlooking a beautiful country. The Orange Mountains have long been recommended by physicians as a most favorable residence for their patients, and the advantages of the surrounding
country have been fully appreciated; hence the villas and mansions on every eligible site for miles around.

The College is conducted by Secular Priests, who are assisted by experienced Lay Professors.

The domestic arrangements are under the care of SISTERS OF CHARITY. The greatest attention is paid at all times to the neatness and cleanliness of every part of the establishment. In sickness the students receive the most careful nursing.

The object of the Institution is to impart a good education, in the highest sense of the word—to train the moral, intellectual, and physical being. The health, manners, and morals of the pupils are objects of constant attention. The system of government is mild and paternal, yet firm in enforcing the observance of established discipline.

The better to carry out the design of the Institution, to maintain strict discipline, with kind and gentle treatment, and to devote constant and special attention to each individual student, but a limited number is received. For this reason, it is expedient that parents, who wish to secure places for their sons in SETON HALL, should make early application.

All the pupils are thoroughly instructed in the Doctrines of the Catholic Church, and trained in its practices.

The Academic year, which consists of two sessions, of five months each, commences on the first Wednesday of September, and ends on the third Wednesday of June. At Christmas there is a vacation of ten days; and in the spring, absence for a day or two is allowed, for the summer equipment of the students. At no other time will they be permitted to leave the College, except for reasons of great importance.

The regular visiting-day is Thursday.

Weekly reports of all the classes are read before the Professors, Tutors, and Students. Monthly reports are sent to the parents or guardians.

Students are required to be present on the first day of each Term.

Failure in punctual attendance, unless legitimately excused, subjects Students to the loss of good marks, and therefore adds to the difficulty of obtaining honors on Commencement Day.

Parents have the right to withdraw their children at any time; they have not the right to interfere with the established discipline of the College.

EXPENSES.

Board and tuition, use of bed and bedding, $400 per annum, payable half-yearly, in advance.

Washing and mending of clothes and linen, $20; Physician's fees, medicines, etc., $10; Graduation Fee, $10.

Music, $60, and Drawing, $50 per annum for those who wish to learn them. For use of Piano, $10 per annum. The German, Italian, and Spanish Languages, each $25 per annum.

Each Student, on entering, should be supplied with sufficient clothing for the term. He should also have two silver spoons, two forks, and a napkin ring, all marked with his name; and likewise a sufficient number of towels, napkins, and a toilet-box.

No article of clothing, etc., will be furnished to Students without special instructions from parents or guardians, and, in such cases, a sum sufficient to defray probable expenses should be deposited with the Treasurer, in advance.

With regard to pocket-money, it is desirable that parents should allow their children but a moderate sum, and that this should be placed in the hands of the Treasurer, to be given as prudence may suggest.

Bills of expenditure are sent at the close of each term, and a remittance to cover their amount should be made within ten days after receipt. Parents or guardians residing out of the country, or at a great distance, must appoint a representative at some convenient place, who will be responsible for the regular payment of all expenses, and bound to receive the Student, should it become necessary to dismiss him.

Should a Student leave the College before the expiration of a term, no deduction is made for the remainder of that term, except in case of dismissal or prolonged sickness. Sixty dollars extra will be charged for Students who remain in the College during the vacation.
FUNDAMENTAL RULES OF DISCIPLINE.

The rules of the College require of all Students a manly bearing and kind, courteous deportment towards each other at all times; application to study during the hours of study, and the thorough preparation and recitation of the lessons assigned. No Student ever leaves the College grounds without permission. Leaving the College grounds after nightfall subjects the Student to expulsion. The use of Tobacco is forbidden. No books, other than text-books and works of reference recommended by the Professors, can be held by the Students, unless by permission of the President. Students are not allowed to receive newspapers, except for their Reading-room, which is under the direction of the President. Correspondence is permitted only with parents, guardians, and relatives. Students who are insubordinate, or of low and vicious habits, will not be retained in the College. Students coming from other Colleges must bring satisfactory testimonials of character.
